|                 | 1.  | Call to Order.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
|                 | 2.  | Pledge of Allegiance.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
|                 | 3.  | Roll Call.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| Motion          | 4.  | Approve Minutes of the Meeting of June 13, 2016.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|                 | 5.  | Written Communications.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
|                 | 6.  | Oral Communications.<br><small><i>The public may provide oral comments at regular and special Board meetings; however, whenever possible, written statements are preferred (to be received at the Union Sanitary District office at least one working day prior to the meeting). This portion of the agenda is where a member of the public may address and ask questions of the Board relating to any matter within the Board's jurisdiction that is not on the agenda. If the subject relates to an agenda item, the speaker should address the Board at the time the item is considered. Oral comments are limited to three minutes per individuals, with a maximum of 30 minutes per subject. Speaker's cards will be available in the Boardroom and are to be completed prior to discussion.</i></small> |
| Public Hearing  | 7.  | Public Hearing to Consider Collection of Sewer Service Charges on the Tax Rolls for Fiscal Year 2017 and Adoption of a Resolution Electing to Collect Sewer Service Charges on the Tax Rolls <i>(to be reviewed by the Budget &amp; Finance Committee).</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| <b>(Pulled)</b> | 8.  | <b>This agenda item number will not be used. Original title was pulled.</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| Motion          | 9.  | Consider Approving Final Operating and CIP Budgets for Fiscal Year 2017 <i>(to be reviewed by the Budget &amp; Finance Committee).</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| Motion          | 10. | Consider a Resolution to Accept a Sanitary Sewer Easement for Tract 8127 – Mission Place, Located Along Driscoll Road Between Beatrice Street and Rosewalk Court in the City of Fremont <i>(to be reviewed by the Legal/Community Affairs Committee).</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| Motion          | 11. | Provide Direction Regarding 2016 Board Compensation Survey <i>(to be reviewed by the Personnel Committee).</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| Information     | 12. | Monthly Operations Report for May 2016 <i>(to be reviewed by the Budget &amp; Finance Committee).</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |

- 17. Adjournment – The Board will adjourn to the next Regular Meeting in the Boardroom on Monday, July 11, 2016, at 7:00 p.m.

The Public may provide oral comments at regular and special Board meetings; however, whenever possible, written statements are preferred (to be received at the Union Sanitary District at least one working day prior to the meeting).  
 If the subject relates to an agenda item, the speaker should address the Board at the time the item is considered. If the subject is within the Board’s jurisdiction but not on the agenda, the speaker will be heard at the time “Oral Communications” is calendared. Oral comments are limited to three minutes per individual, with a maximum of 30 minutes per subject. Speaker’s cards will be available in the Boardroom and are to be completed prior to discussion of the agenda item.

The facilities at the District Offices are wheelchair accessible. Any attendee requiring special accommodations at the meeting should contact the General Manager’s office at (510) 477-7503 at least 24 hours in advance of the meeting.

THE PUBLIC IS INVITED TO ATTEND

**MINUTES OF THE MEETING OF THE  
BOARD OF DIRECTORS OF  
UNION SANITARY DISTRICT  
June 13, 2016**

**CALL TO ORDER**

President Toy called the meeting to order at 7:00 p.m.

**PLEDGE OF ALLEGIANCE**

**ROLL CALL**

PRESENT: Jennifer Toy, President  
Tom Handley, Vice President  
Pat Kite, Secretary  
Anjali Lathi, Director  
Manny Fernandez, Director

STAFF: Paul Eldredge, General Manager  
Karen Murphy, District Counsel  
Armando Lopez, Treatment & Disposal Services Manager  
Robert Simonich, Fabrication, Maintenance, and Construction Manager  
Sami Ghossain, Technical Services Manager  
Pamela Arends-King, Business Services Manager/CFO  
James Schofield, Collection Services Manager  
Regina McEvoy, Assistant to the General Manager/Board Secretary

**APPROVAL OF THE MINUTES OF THE SPECIAL MEETING OF MAY 23, 2016**

It was moved by Secretary Kite, seconded by Director Lathi, to approve the Minutes of the Special Meeting of May 23, 2016. Motion carried unanimously.

**APPROVAL OF THE MINUTES OF THE MEETING OF MAY 23, 2016**

It was moved by Vice President Handley, seconded by Director Fernandez, to approve the Minutes of the Meeting of May 23, 2016. Motion carried unanimously.

**WRITTEN COMMUNICATIONS**

Director Fernandez stated he received a letter from Senator Boxer's office forwarding a complaint regarding a requirement for a grease trap installation at a business within the District's service area.

## **ORAL COMMUNICATIONS**

There were no oral communications.

## **CONSIDER RECLAIMED WATER ALTERNATIVES AND PROVIDE DIRECTION TO STAFF**

This item was reviewed by the Legal/Community Affairs Committee. General Manager Eldredge stated staff previously presented an informational item regarding the same topic at the Board meeting held May 9, 2016. The District provided an item regarding a reclaimed water fill station for consideration by the Alameda County Water District (ACWD) Board, who declined to participate in such a project during the upcoming fiscal year by a 4-1 vote.

Treatment & Disposal Services Manager Lopez stated the ACWD Board rescinded its water shortage emergency ordinance and drought surcharges resolution at the meeting held June 9, 2016. He further stated the Legal/Community Affairs Committee asked whether ACWD approval would be required in order for the District to proceed with a reclaimed water fill station.

Director Lathi stated the Committee discussed suspending consideration of a reclaimed water project for a period of no less than eight months.

Vice President Handley inquired about the timeline should the District decide to begin working toward a fill station. General Manager Eldredge stated if engineering were to begin immediately, a fill station could be ready for use by the summer of 2017.

Treatment & Disposal Services Manager Lopez stated the Committee requested information regarding the status of existing reclaimed water programs at other agencies.

General Manager Eldredge stated Dublin San Ramon Services District (DSRSD) has been evaluating the level of interest for its two fill stations, and may consider reducing hours of operation.

It was moved by Secretary Kite, seconded by Director Lathi, to direct staff to prepare an informational report regarding the status of existing reclaimed water programs at other agencies, postpone consideration of reclaimed water options presented in the Board meeting packet, and to find out if the District would need approval from ACWD before proceeding with a reclaimed water project. Motion carried unanimously.

## **AWARD THE CONSTRUCTION CONTRACT FOR THE PINE STREET EASEMENT IMPROVEMENTS PROJECT TO VALENTINE CORPORATION**

This item was reviewed by the Construction Committee. Technical Services Manager Ghossain stated the District owns a 12-inch diameter sewer main that aerially crosses a small creek tributary to Mammoth Creek in southeastern Fremont. The Project will

eliminate structural dependence for the aerial crossing on the eastern pier and strengthen the existing bridge span. West Yost completed design for the project, and the two initially received bids were rejected after they were found to be non-responsive. The Project was advertised for bids a second time and again received two bids. Valentine Corporation was the lowest responsive bidder with a total base bid amount of \$183,969. Staff recommended the Board waive the minor bid irregularities and award the construction contract, with the bid alternate, for the Pine Street Easement Improvements Project to Valentine Corporation in the amount of \$183,969, and authorize staff to issue the Notice of Award for the Project.

It was moved by Secretary Kite, seconded by Vice President Handley, to Award the Construction Contract for the Pine Street Easement Improvements Project to Valentine Corporation. Motion carried unanimously.

### **REVIEW AND APPROVE PROPOSED CHANGES TO POLICY NO. 3030, BOARDMEMBER BUSINESS EXPENSE**

This item was reviewed by the Personnel Committee. Proposed changes to Policy No. 3030, Boardmember Business Expense, were initially presented at the regular meeting held May 9, 2016. The Board requested staff incorporate a number of additional edits to the Policy. Staff recommended the Board review and approve proposed changes to Board Policy 3030, Boardmember Business and Travel Expense.

It was moved by Secretary Kite, seconded by Director Lathi, to Approve Proposed Changes to Policy No. 3030, Boardmember Business Expense. Motion carried unanimously.

### **REVIEW AND APPROVE PROPOSED CHANGES TO BOARD COMMITTEES JOB DESCRIPTIONS/ROLE DEFINITIONS**

This item was reviewed by the Personnel Committee. Board Secretary McEvoy stated staff reviewed and proposed edits to the Board Committees Job Descriptions/Role Definitions. The proposed edits included removal of items which would not require committee review, reassignment of items to more evenly distribute the frequency of committee meetings, and renaming the Construction Committee to the Engineering and Information Technology Committee. Staff recommended the Board approve proposed changes to Board Committees Job Descriptions/Role Definitions.

It was moved by Director Fernandez, seconded by Secretary Kite, to Approve Proposed Changes to Board Committees Job Descriptions/Role Definitions. Motion carried unanimously.

### **INFORMATION ITEMS:**

#### **Check Register**

All questions were answered to the Board's satisfaction.

**District Facilities Presentation**

General Manager Eldredge stated a number of the District’s facilities at the Alvarado Treatment Plant were in need of upgrades or modifications. As the District began evaluating these challenges through various studies and planning efforts, it became more apparent the issues were interrelated with the potential to significantly impact each other. Staff provided a presentation outlining the concept of developing a master plan to address the various needs of District facilities at the Alvarado treatment plant site.

**Preliminary Operating and CIP Budgets for Fiscal Year 2017**

This item was reviewed by the Budget & Finance Committee. Business Services Manager/CFO Arends-King stated the preliminary Operating and CIP Budgets for Fiscal Year 2017 reflect Board input and information presented at the Budget Workshop held April 27, 2016. Details regarding items changed and added to the budgets were outlined in the Board meeting packet. The final budgets will be presented for approval at the next regularly scheduled Board meeting.

**Report on the East Bay Dischargers Authority (EBDA) Meeting of May 19, 2016**

Vice President Handley stated there was a discussion at the recent EBDA Commission meeting regarding upcoming changes to its Board. Vice President Handley will attend his last Commission meeting as the District’s representative in June before President Toy takes his place. President Toy, Vice President Handley, and General Manager Eldredge will meet to discuss the transition.

**COMMITTEE MEETING REPORTS:**

The Construction, Legislative, Legal/Community Affairs, and Personnel Committees met.

**GENERAL MANAGER’S REPORT:**

General Manager Eldredge reported the following:

- New population numbers were recently received, and the District now serves a 347,009 up from 343,499 last year.

**OTHER BUSINESS:**

There was no other business.

**ADJOURNMENT:**

The meeting was adjourned at 7:45 p.m. to the next scheduled Regular Board Meeting to be held in the Boardroom on Monday, June 27, 2016, at 7:00 p.m.

**MEMO TO:** Board of Directors - Union Sanitary District

**FROM:** Paul R. Eldredge, General Manager/District Engineer  
Pamela Arends-King, Business Services Manager/CFO  
Maria Buckley, Principal Financial Analyst

**SUBJECT:** Agenda Item No. 7 – Meeting of June 27, 2016  
**Public Hearing to Consider Collection of Sewer Service Charges on the Tax Rolls for Fiscal Year 2017 and Adoption of a Resolution Electing to Collect Sewer Service Charges on the Tax Rolls**

### **Recommendation**

Conduct a public hearing and receive oral or written protests to the proposal to collect sewer service charges on the tax rolls, and if a majority protest is not received, adopt a Resolution Adopting the Report on Sewer Service Charge Rates for Fiscal Year 2017 and Electing to Collect Sewer Service Charges on Tax Rolls.

### **Background**

On May 23, 2016, the Board directed staff to schedule a public hearing on June 27, 2016, regarding collection of sewer service charges on the tax rolls. The District has collected sewer service charges on the general Alameda County tax rolls for many years. However, the Board must annually hold a public hearing to consider and reauthorize collection of the sewer service charges on the tax rolls.

The procedures required for the collection of sewer service charges on the tax rolls are set forth in California Health and Safety Code sections 5473 et seq. Pursuant to these procedures, the District may authorize the collection of sewer service charges for fiscal year 2017 to be collected on the tax rolls, consistent with past practices, by:

1. Creating a report setting forth the sewer service charges to be assessed on each parcel in the District and filing the report with the Board Secretary.

2. Scheduling a public hearing for the Board to hear objections and protests to the report, if any.
3. Publishing notice of the filing of the report and the public hearing.
4. Holding the public hearing and considering any objections and protests to the report.
5. If there is no majority protest, adopting the report and authorizing the collection of the sewer service charges on the tax rolls in accordance with the report.

Staff prepared the report setting forth the sewer service charges to be assessed on each parcel in the District for fiscal year 2017 and filed the report with the Board Secretary. The report has been available for public inspection at the District's offices, and staff published notice of the filing of the report and the public hearing to consider the report in the Argus newspaper on June 3, 2016, and June 10, 2016, and the Tri-City Voice on June 7, 2016, and June 14, 2016.

After considering any objections and protests to the report, the Board has the option of revising, changing or modifying any charge specified in the report or overruling any and all objections and adopting the report. As of the publishing of this staff report, the District has not received any protests.

Staff recommends the Board take the following actions:

- a. Conduct a public hearing to receive written and oral comments on the proposal to collect sewer service charges via the property tax rolls; and
- b. Unless there is a majority protest, overrule any objections to the report and adopt a Resolution Adopting Report on Sewer Service Charge Rates for Fiscal Year 2017 and Electing to Collect Sewer Service Charges on Tax Rolls

Attachment

- a. Resolution Adopting Report on Electing to Collect Sewer Service Charges on Tax Rolls Fiscal Year 2017

**RESOLUTION NO. \_\_\_\_**

**RESOLUTION OF THE UNION SANITARY DISTRICT BOARD OF DIRECTORS ADOPTING  
REPORT ON SEWER SERVICE CHARGE RATES FOR FISCAL YEAR 2017 AND ELECTING TO  
COLLECT SEWER SERVICE CHARGES ON TAX ROLLS**

WHEREAS, the Union Sanitary District ("District") has duly adopted Ordinance No. 31.38 which sets the sewer service charges for fiscal year 2016, and Ordinance No. 31.39 which sets the sewer service charges for fiscal years 2017 through 2021; and

WHEREAS, California Health & Safety Code section 5473 provides that the District may elect to have such sewer service charges collected on the County property tax rolls; and

WHEREAS, the District Board of Directors directed the preparation of a written report on Sewer Service Charges for Collection on Tax Rolls for Fiscal Year 2017, which was duly prepared and filed with the Board Secretary (the "Report"); and

WHEREAS, the Board appointed the time and place of hearing for protests to the Report and notice was given in the manner provided by law as it appears by the Affidavits of Publication on file in the office of the Board Secretary; and

WHEREAS, the District Board of Directors, at its regular meeting of June 27, 2016, held a hearing on the Report, where the Board heard and considered all objections or protests, and protests from a majority of owners of separate parcels was not received.

NOW, THEREFORE, IT IS RESOLVED AS FOLLOWS:

1. All recitals above are true and incorporated by reference herein.
2. The Board finds that objections to and protests against the Report were not made by the owners of a majority of the separate parcels of property within the District against which sewer service charges for the services and facilities provided by the District were fixed.
3. The Board further finds that all objections to and protests have been heard by this Board and that any objections and protests are hereby overruled.
4. The Report is hereby adopted in full without revision, change, reduction, or modification, and sewer service charges based upon these rates and the sewer service charges for fiscal year 2017 shall be collected on the tax roll of the County of Alameda in the manner provided by law.
5. The Board Secretary is hereby directed to file with the County Auditor of Alameda County, a certified copy of the Report and this Resolution stating that the Report has been adopted by the District Board of Directors.
6. The Auditor Controller of the County of Alameda shall, upon receipt of a copy of the Report showing the amounts of the charges based upon adopted rates, enter the amounts of the charges against the respective lots or parcels as they appear on the current assessment roll for fiscal year 2017.

I hereby certify that the foregoing Resolution was duly and regularly adopted and passed by the Board of Directors of the UNION SANITARY DISTRICT, Alameda County, California, at a meeting thereof held on the 27<sup>th</sup> day of June, 2016.

**SUBJECT:** Agenda Item No.9 - Meeting of June 27, 2016  
**Consider Approving Final Operating and CIP Budgets for Fiscal Year 2017**

## **Recommendation**

Approve final Operating and CIP Budgets for FY 2017.

## **Background**

Attached for your review are the final Operating and CIP budgets for FY 2017. These budgets reflect the Board's input and information presented at the Budget workshop on April 27<sup>th</sup>, and the June 13<sup>th</sup> Board meeting. The Budget reflects:

- 1) The first year Sewer Service Charge of the five year rate increase effective July 1, 2016.
- 2) An overall increase in expenditures of 2.5% with an increase in operating expenses of 2.1%.
- 3) Two non-permanent Operators for Treatment and Disposal for succession planning.
- 4) The first year increase in Capacity Fees of the four year rate increase effective July 1, 2016.

This document includes changes since the June 13<sup>th</sup> Board meeting:

- Budget Message (page 1)
- Updated 20-year CIP document (page 18-23; years 1 through 10 are attached)

Attached are schedules supporting the budget, including brief comments.

**DATE:** June 27, 2016

**MEMO TO:** Board of Directors - Union Sanitary District

**FROM:** Paul R. Eldredge, General Manager/District Engineer

**SUBJECT:** Fiscal Year 2017 Operating and CIP Budgets

Union Sanitary District staff is pleased to present the comprehensive annual budget for Fiscal Year 2017 to the Board of Directors. This budget covers the period from July 1, 2016 to June 30, 2017. The District continues to focus on the operation and maintenance of our infrastructure and assets, capital project construction, planning, and effective use of technology.

**Outstanding Performance and Cost Effective Service for the District's Customers**

In keeping with our Mission, the District continues to provide a high level of award-winning service to its customers at very competitive rates. During FY 16, USD conducted a major Cost of Service Analysis (COSA) to determine a five year rate plan that met all requirements related to charges for services under Proposition 218. The COSA took into consideration current and future operational and capital costs, and reserve requirements for the next five years. The study provided the District with a baseline against which we can analyze future USD needs. The Sewer Service Charge for FY 17 incorporates the first rate increase of the five year rate increase plan. The annual single family rate will increase from \$377 to \$380 in the first year to \$436 by the fifth year. This increased rate is still below the national average annual sewer service charge of \$452, as reflected in the 2015 National Association of Clean Water Agencies price index. On a monthly basis, at just under \$32, wastewater treatment is by far the least expensive household utility when compared to other major household expenses such as power, water, garbage, and cable TV.

We continue the District's record of outstanding stewardship and service. We were recently informed that USD will receive the Platinum Award from the National Association of Clean Water Agencies for Peak Performance, for operating for seven consecutive years without exceeding the limits or conditions of the District's permit. This is a tribute to the outstanding work by District Operations and Maintenance teams. We continue to average less than one spill per hundred miles of pipeline per year, ranking us amongst the best in the State. The District Collections Services and Environmental Compliance groups have successfully implemented measures to control roots and grease to help

minimize spills and back-ups. We are responding to over 97.5% of all customer call outs within one hour, up from 96% the previous year. The District's quality performance is also reflected in awards recently received for our procurement program, overall agency management, and financial reporting.

### **Financial State of the District**

The current (general) improvement in the economy as a whole has had modest positive effects on the District. Revenues are increasing over the prior fiscal year and there has also been increased development activity in our service area. While economic improvements have proven beneficial, the District continues to exercise fiscal prudence in light of our ever-increasing expenses. It is because of this cautionary approach that the District has continued to remain financially healthy.

The local economy continues to show signs of improvement in increased development. USD has seen increases in permit applications in the past twelve months, and that is expected to continue through FY 17. A portion of USD capital projects are funded by capacity fees; however, the majority are funded through Sewer Service Charges. The District continues to be vigilant in its efforts to contain expenses. Similar to other agencies, USD faces significant pressures associated with the costs of health care and pensions, as well as in the costs for treatment plant utilities (PG & E), and other capital expenditures.

### **Revenues**

Sewer Service Charges are expected to increase from \$48.4 million in FY 16 to \$50.4 million in FY 17 due to planned and approved five year rate increases. The extended drought is having an impact on District revenues from non-residential customers; as a result, non-residential revenues are expected to be slightly lower than anticipated in the COSA. With approximately 76% of the District's revenue based on residential customers, USD's income remains relatively stable despite the slight volatility in non-residential revenues.

Capacity Fee revenues incorporate increased Capacity Fees approved by the Board effective July 1, 2016. As previously stated, the Tri-City area has experienced an increase in construction development. Building permit applications have increased and total Capacity Fee revenues are expected to increase 104.3% over FY 16. However, anticipated expenditures associated with capacity fees over the next five years indicates that there will be an overall declining balance in this fund.

### **Expenditures**

Total expenditures for the coming fiscal year are projected to increase by 2.5%. Operating expenses are anticipated to increase by 2.1%, primarily due to salary and pension rate increases. Chemical costs have been relatively stable and slightly lower due to the District's participation in the Bay Area Chemical Consortium.

No significant changes to the number of District employees are being proposed during this fiscal year, with the exception of the addition of two non-permanent Operators for Treatment and Disposal Services. These requisitions address succession planning due to two anticipated Operator retirements in FY 17. The District filled many vacancies during FY 16, mostly attributable to planned retirements. Retirements during FY 17 are expected to taper off as compared to the two prior fiscal years; however, balancing the District's ability to attract and retain a qualified workforce against the bottom line will continue to be a challenge.

The Capital Improvement Program will be increasing from FY 16. Staff conducted a thorough study on the infrastructure needs of the District and developed a 20 year Capital Improvement Plan (CIP) which totals approximately \$586 million. The total CIP budgeted for FY 17 is \$14.7 million. USD continues to keep its CIP costs as low as possible by taking advantage of available low interest loans through the State and Federally funded State Revolving Fund (SRF) program.

Capital project spending will continue to focus on the wastewater treatment plant and collections system pipeline rehabilitation. Many of the District's buildings and treatment processes are approaching 35 years in operation. Replacing and upgrading those facilities and equipment will ensure that we can efficiently operate the plant in the long-term. Projects for FY 17 include plant facilities improvements, standby power generation system upgrades, thickener control building improvements, and pump station improvements. The Information System R&R Program will continue to fund new projects, such as the implementation of a new Enterprise Planning Resource (ERP) software, and an emergency/back up system for our upgraded Supervisory Control and Data Acquisition (SCADA) system.

Special Projects Fund expenditures will increase from \$1.5 million in FY 16 to \$2.1 million in FY 17. Of the \$2.1 million, \$357,000 is for special projects which will carry forward to FY 17. Some of the studies planned for this year include the Treatment Plant Master Plan, the Plant Hydraulic Capacity Assessment, the Treatment Plant Information Technology Network Master Plan, the Financial Master Plan, and the Alvarado Basin Master Plan Update. Other expenditures include the Odor Control Study Update, Hayward Marsh permit renewal, and outreach programs including the USD newsletter and Fats, Oils, and Grease (FOG) brochure for ratepayers.

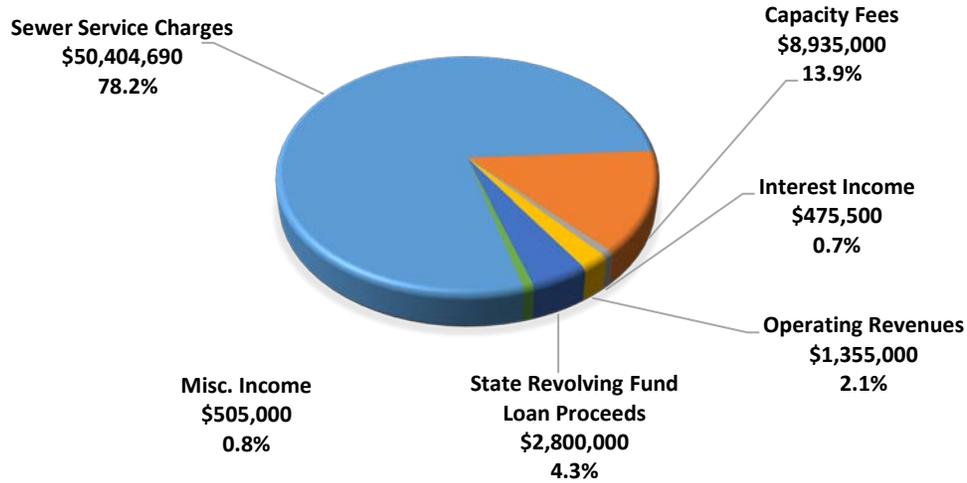

#### **Balanced Budget, Reserves and Rates**

USD has been operating with a balanced budget and anticipates continuing to do so. In some years, USD takes money from reserves for capital projects and in some years funds are added to the District reserves. For FY 17 we anticipate adding close to \$7.1 million to our reserves. District reserves continue to be stable, although as the District operating budget increases more of District reserves are dedicated to ensuring operating cash flow for the eight month period in which we receive very limited Sewer Service Charge revenues. During FY 17, a financial model will be developed that will allow the District to determine different rate models and financing plan scenarios to assist the District in making sound financial decisions on future infrastructure needs and the long-term sustainability of prospective policies and programs.

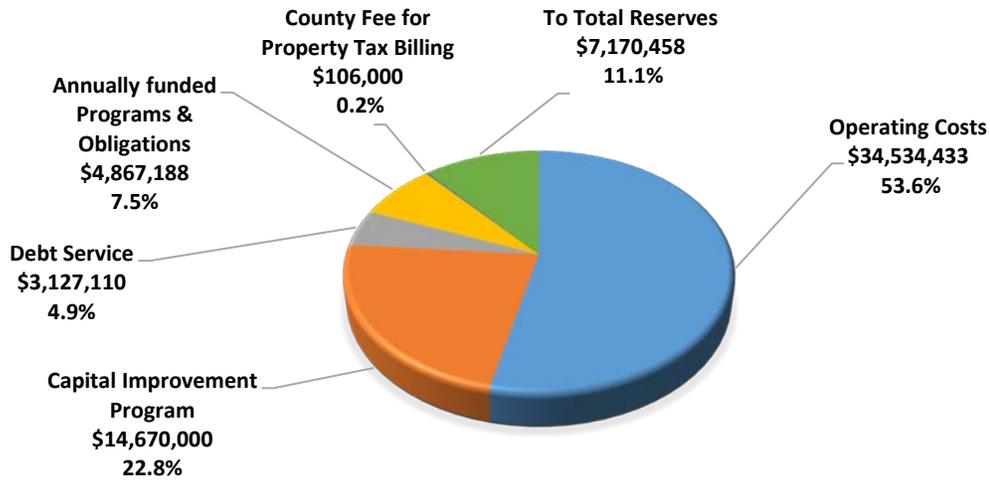

#### **Conclusion**

The District's high level of service and very competitive rates reflect our highly efficient and customer-oriented staff. . The District is fortunate to have a very talented and dedicated workforce and we want to continue to make the District an employer of choice in the region. I would like to express my appreciation to all the employees of the District whose hard work is not taken for granted and whose dedication is reflected in the daily delivery of services to our customers. The District is firmly committed to meeting each and every challenge brought forth while building a premier organization. This budget enables us to work toward meeting those challenges. By continuing to follow the budget policy set forth by the District, we will continue to deliver the highest level of service.

**FY 2017 TOTAL REVENUES & PROCEEDS - \$64,475,190**

**FY 2017 TOTAL EXPENDITURES - \$64,475,190**

- Annually Funded Programs and Obligations include special studies and equipment replacement
- Operating Costs include employee, utilities, chemicals, maintenance and administrative costs
- Capital Improvement Program includes project construction and related costs
- Sewer Service Charges include residential, commercial and industrial customers

**SUMMARY & COMMENTS  
FISCAL YEAR 2017 BUDGET**

**Budget Summary for all Funds for FY 2017**

	<b>FY 2016 (Budget)</b>	<b>FY 2017 (Budget)</b>	<b>% Change</b>
<b>Total District Revenues &amp; Proceeds</b>			
Sewer Service Charge	\$48,430,260	\$50,404,690	4.0
Capacity Fees	4,372,000	8,935,000	104.3
Interest	345,000	475,500	37.8

**SEWER SERVICE FUND**

**FY 2017 Revenues & Proceeds: \$54,614,690**

Revenue and Transfers:

- The principal revenue for the Operating Fund is from the annual Sewer Service Charges, estimated to be \$50.4 million in FY 2017. The Sewer Service Charges include the first increase in rates of the five year rate plan approved by the Board of Directors January 2016 following a Proposition 218 hearing. The existing Sewer Service Charge for Single Family Dwelling (SFD) will increase to \$380.05 and the Multi-family Dwelling rate will increase to \$329.60. The \$50.4 million estimated revenues was determined by the sewer rate study. Total revenues for FY 2017 with the new rates were estimated to be \$51.2 million, however non-residential customers' rates are calculated annually using flow based on water usage and sewage strength. With the decrease in water usage due to conservation, the revenues for non-residential customers are estimated to be approximately \$775,000 lower than estimated in the rate study.
- Interest and other income (\$2.1 million) includes: 1) \$350,000 in interest earnings, 2) \$1,355,000 in Operating revenue including the City of Fremont Urban Runoff program, inspection/plan check fees and permits, East Bay Dischargers Authority (EBDA) reimbursements for operating and maintaining the Alvarado EBDA station, 3) \$76,000 from Livermore Amador Valley Water Management Agency (LAVWMA) for principal and interest on the capital buy-in agreement (until 2030), 4) \$140,000 from PG&E in carport and Irvington solar panel rebates (until 2017), 5) \$65,000 from the sale of surplus

equipment, and 6) \$100,000 in SGIP rebates from the Cogeneration project (the other \$100,000 is in the Capacity fund).

- The District is anticipating total receipts of \$2,100,000 in SRF loan proceeds for the Thickener project for the sewer service charge fund in FY 2017.

## **SEWER SERVICE FUND**

**FY 2017 Expense: \$52,039,511**

Each component of the Sewer Service Fund expense is described below:

- Operating Budget: FY 2017 Expense: \$34,534,433

The Operating Fund contains expenditures required for the day-to-day operation of the District, including maintenance, regulatory activities, engineering, and administration. The Operating budget will increase 2.1% in FY 2017 due primarily to salaries and benefits adjustments per the MOU, the addition of two Operator positions (not permanent headcount, succession planning overlap), and Public Employees' Retirement System (PERS) costs. Due to CalPERS investment losses from 2008-09; changing actuarial assumptions based on members living longer; and shortening the amortization of the retirement plan unfunded liability; the District's projected employer contribution rates for FY 2017 is 20.4%, an increase of 2.1% from FY 2016. Chemical, fuel, and overtime costs are estimated to be lower in FY 2017 from FY 2016.

- Special Projects FY 2017 Expense: \$2,132,098

This fund includes non-routine expenses such as one-time studies, hiring of consultants, and new programs where the long-term financial impact, if any, is not known. Major FY 2017 expenses by categories include: Administrative and Regulatory projects, \$187,000; Hayward Marsh projects, \$62,100; Studies and other projects, \$1,882,998. A detailed listing of Special Projects is included in this document.

- Retiree Medical Benefits FY 2017 Expense: \$583,771

The District began to transfer Retiree Assets to the CalPERS trust (CERBT) in FY 2009. For FY 2017, the annual required contribution (ARC) based on the 7/1/15 actuarial study will be \$583,771. A new study (biennial) is required by CalPERS for FY 2016 (in progress).

- Renewal & Replacement - Vehicle and Equipment FY 2017 Expense: \$662,220

Vehicles and equipment that are scheduled to be replaced due to age or obsolescence are purchased through this fund. The provision is based on a 10-year replacement schedule and expense projection. Major expenses include a hydro jetter, a truck-mounted jetter, diesel pumps, three electric carts, and other equipment. The provision is \$300,000 for FY 2017.

- Renewal & Replacement - Information System FY 2017 Expense: \$1,232,100

This fund replaces major information systems hardware and software. The provision is \$800,000 for FY 2017. Major projects include SCADA Master Plan Projects, Operations Data Management System,

Collection System GIS, an Enterprise Resource Planning (ERP) system, and Mobile Projects, and Share Point Upgrade. Hardware and desktop replacements will be approximately, \$382,100, as described in the IT Master Plan.

- Renewal & Replacement – Plant & Pump Station FY 2017 Expense: \$250,000

This fund is for the purchase of Plant equipment that is scheduled to be replaced due to age or obsolescence, as well as unplanned replacement costs. The provision for FY 2017 is \$250,000 and expenses include seven limit torque valve actuators.

- Emergency Fund FY 2017 Expense: \$0

The District established the Emergency Fund in FY 2008. The purpose of this fund is to mitigate the financial impact of an emergency or catastrophic event. The provision for FY 2017 will be \$750,000.

- Structural Renewal and Replacement FY 2017 Expense: \$12,531,889

The proposed Capital Improvement Program projects of \$10,327,500 for FY 2017 are included in this fund. Major projects include Alvarado Niles Sewer Rehabilitation, \$2,200,000, Thickener Control Building Improvements, \$2,100,000, and Fremont and Paseo Padre Lift Station, \$1,425,000. In addition, the fund will pay SRF loan payments of \$681,000 for the Irvington Equalization Storage Facility project, \$108,000 for the Willow/Central Ave. project, \$343,000 for Newark Pump Station, \$140,000 for the Lower Hetch Hetchy project, \$127,000 for the Cedar Blvd project, \$157,000 for the Substation 1 project, \$444,000 for the Primary Clarifier project, and \$206,000 for the Boyce Road project. The provision will be approximately \$10,000,000. A detailed CIP schedule is included with this document.

- Pretreatment Fund FY 2017 Expense: \$7,000

Expenses are for supplies, equipment and training that support the Pretreatment Program as required by Ordinance 36. There is no sewer service charge provision for this fund.

- Miscellaneous Expense FY 2017 Expense: \$106,000

The District pays Alameda County an annual fee for administration and sewer service charge collection through the tax rolls, based on the number of parcels.

## **SEWER SERVICE FUND RESERVES**

- Approximately \$2,575,180 is anticipated to be transferred to reserves for funding of the FY 2017 Operating Fund, Renewal and Replacement funds, Capital Improvement Program, and related debt servicing.

**CAPACITY FUND****FY 2017 Revenues & Proceeds: \$9,860,500**

- Revenues for FY 2017 include capacity fees of \$8,935,000, and interest income of \$125,500. The Board of Directors increased the Capacity Fees based on a Capacity Fee Study conducted during FY 2016 following a public hearing held April 19, 2016. The Capacity Fees will increase FY 2017 through FY 2020. Capacity fees for FY 2017 for Single Family Dwelling Unit (SFD) will increase from \$5,595 to \$6,421. Over the next four fiscal years capacity fees for SFD will increase to \$8,898.
- The Capacity fund is scheduled to receive SRF loan proceeds for the Thickenner project in the amount of \$700,000.
- The Capacity fund is expected to receive \$100,000 in SGIP rebates for the Cogeneration project.

**CAPACITY FUND****FY 2017 Expense: \$5,265,221**

- The expenditures for FY 2017 include \$4,342,500 for the Capacity-related portion of the Capital Improvement Program. Major projects include Fremont and Paseo Padre Lift Station, \$1,425,000 and Newark Backyard Relocation, \$950,000.
- The Capacity fund will pay debt servicing of \$227,000 for the Capacity portion of the Irvington Equalization Storage Facilities project SRF loan and \$343,000 for the Capacity portion of the Newark Pump Station SRF loan, \$147,000 for Primary Clarifier, and \$206,000 for Boyce Road, for a total of \$922,721.

**CAPACITY FUND RESERVES**

- Approximately \$4,595,279 is anticipated to be added to Capacity Fund reserves in FY 2017.

**Consider a Resolution to Accept a Sanitary Sewer Easement for Tract 8127 – Mission Place, Located along Driscoll Road Between Beatrice Street and Rosewalk Court in the City of Fremont**

### **Recommendation**

Consider a Resolution to accept a sanitary sewer easement for Tract 8127 - Mission Place located along Driscoll Road between Beatrice Street and Rosewalk Court in the city of Fremont.

### **Background**

Summerhill Driscoll, LLC is constructing twenty-four, multifamily residential units at Driscoll Road, between Beatrice Street and Rosewalk Court, in the city of Fremont. A vicinity map is attached. Sanitary sewer service to the residential development will be provided by the construction of a new 8-inch main, connected to an existing 8-inch main in Driscoll Road. Summerhill Driscoll, LLC has constructed the new sewer main across Driscoll Road and in streets within the development. The streets within the development do not meet the City of Fremont street dimension and structure setback requirements and were, therefore, designated as a private streets. Summerhill Driscoll, LLC has granted the District a sanitary sewer easement that provides for access, maintenance and service of the new sewer mains within the private streets.

Agenda Item No. 10  
Meeting of June 27, 2016  
Page 2

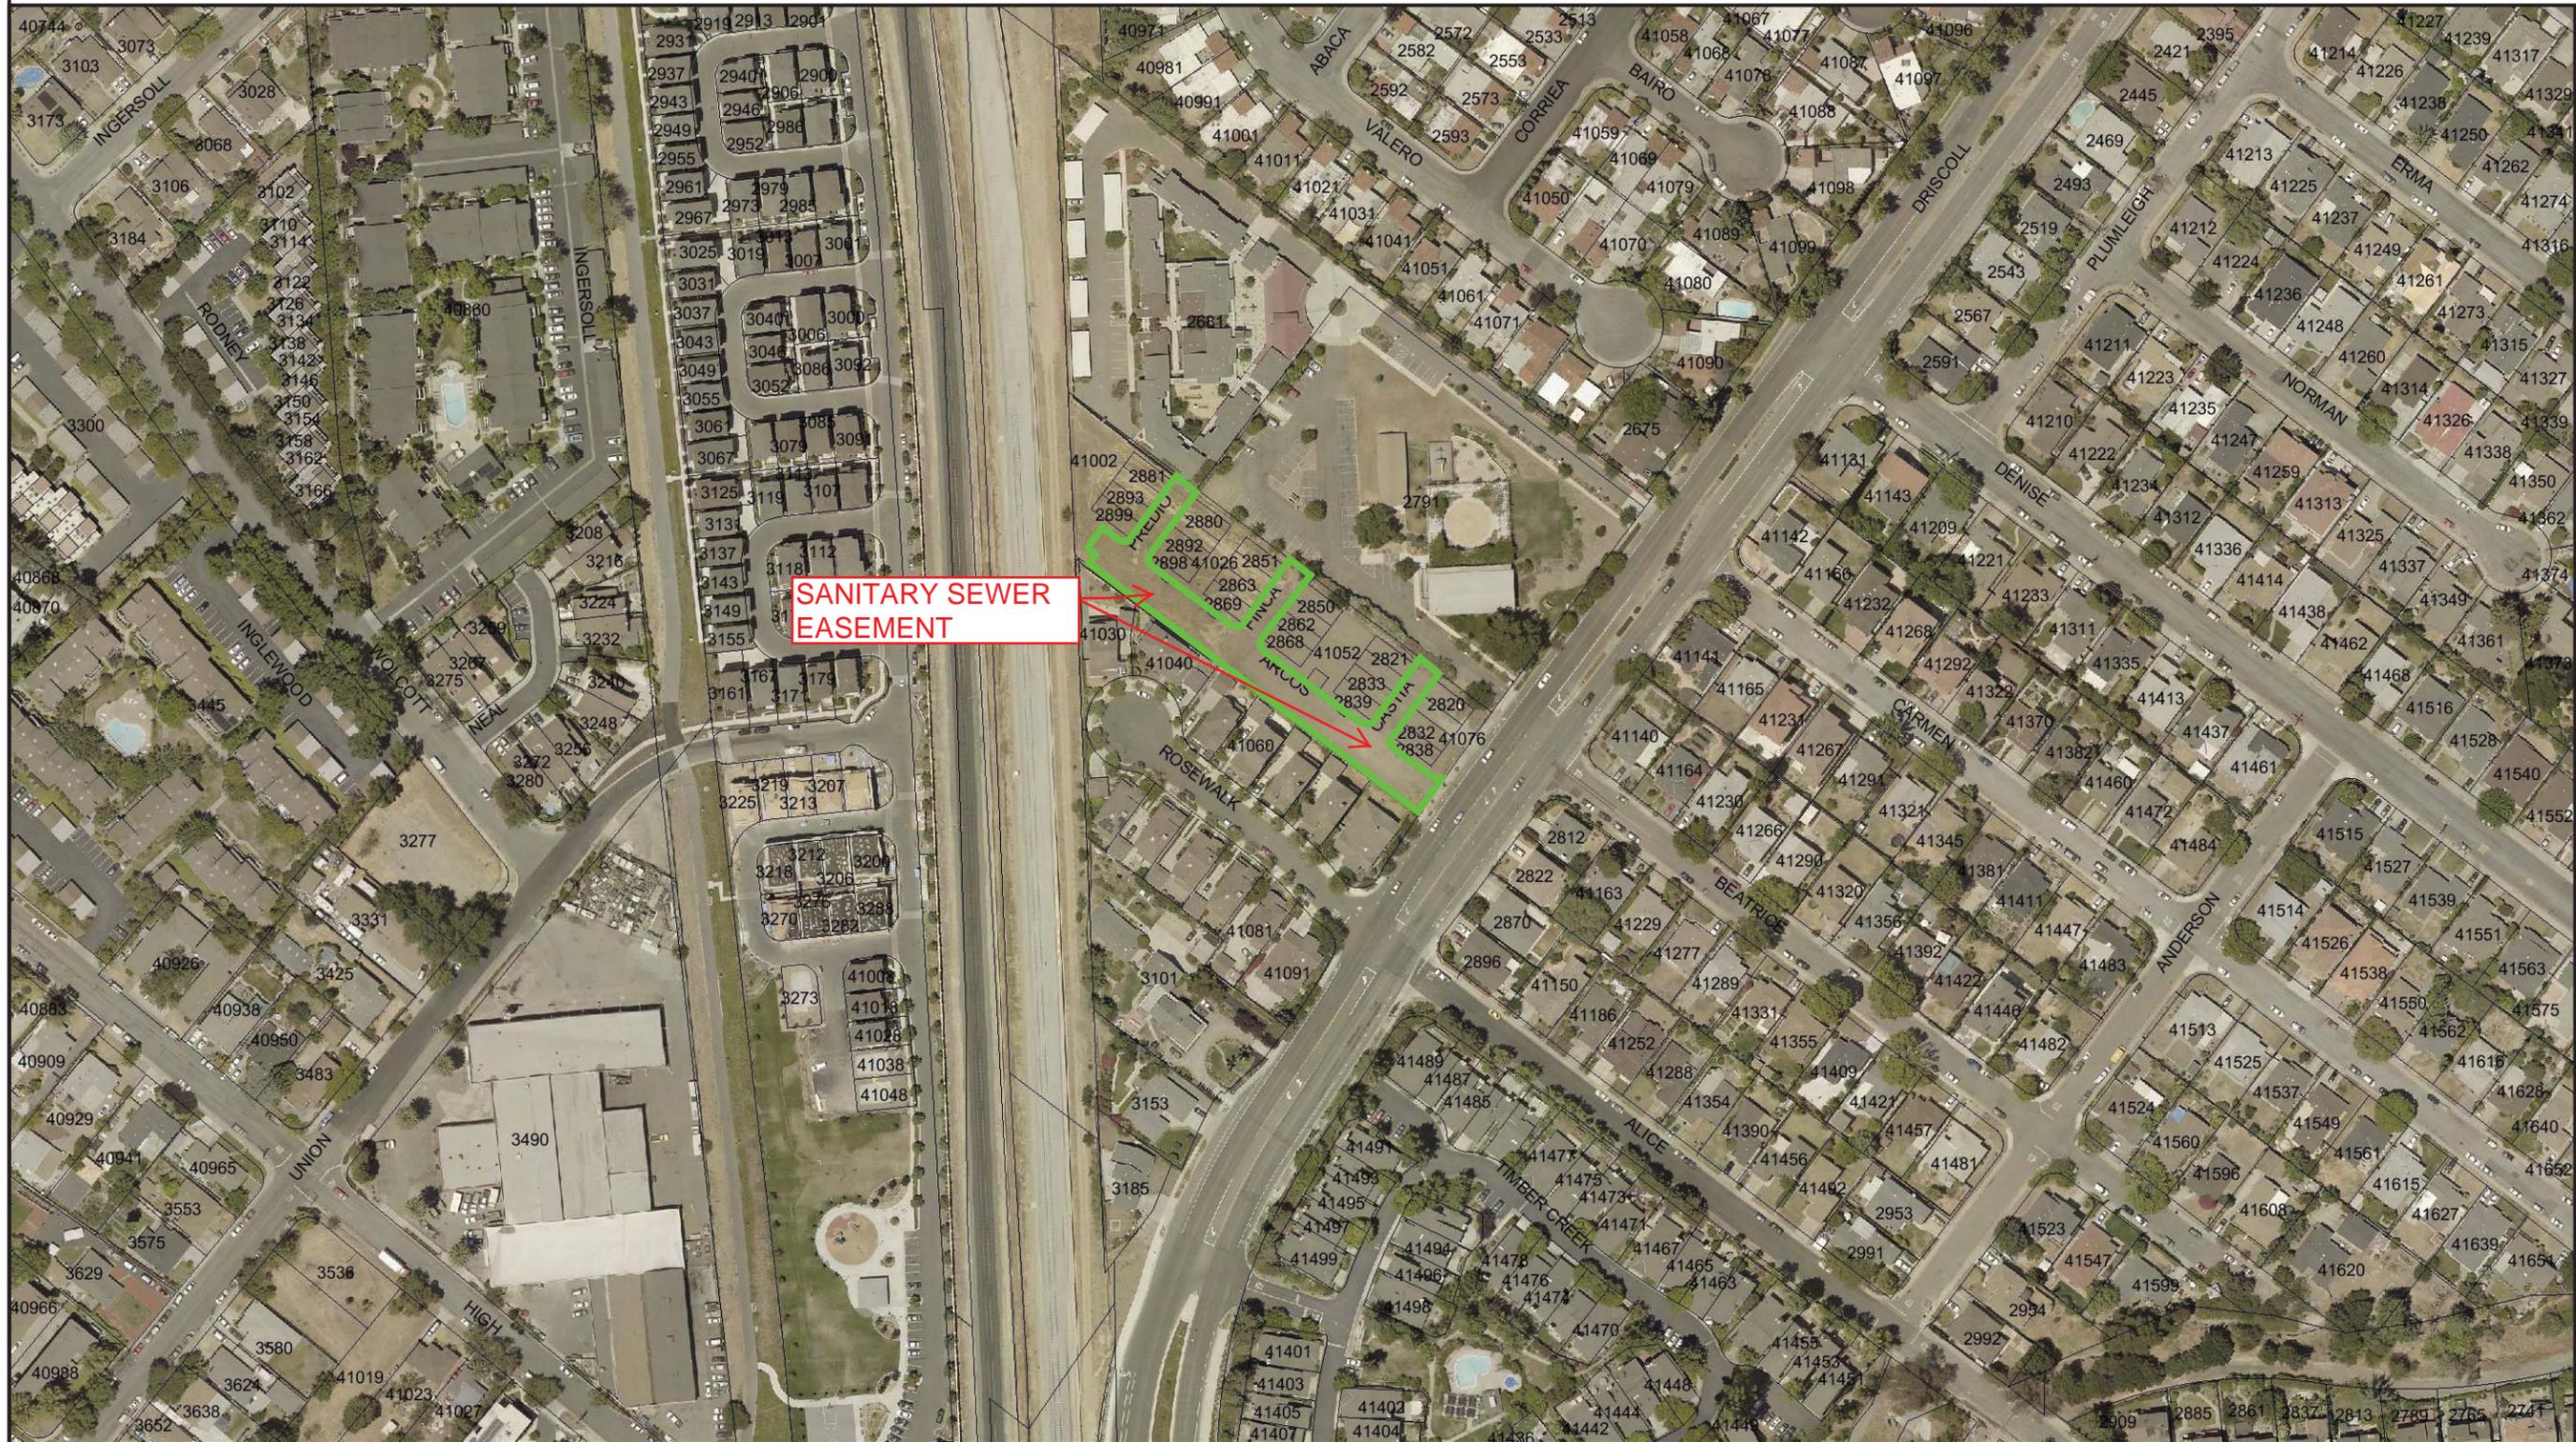

District staff has reviewed the legal description and plat map of the easement and recommends approval.

**GRANT OF EASEMENT**

**FOR SANITARY SEWER PURPOSES**

THIS INDENTURE, made this 9<sup>th</sup> day of May 2016, by and between SummerHill Driscoll LLC, the Party/Parties of the First Part, and Union Sanitary District, the Party/Parties of the Second Part,

**WITNESSETH:**

That said Party/Parties of the First Part does hereby grant to the Party of the Second Part and to its successors and assigns forever, for the use and purposes herein stated, the rights of way and easements hereinafter described, located in the City of Fremont, County of Alameda, State of California:

**See Exhibit "A" and Exhibit "B"**

together with the right and privilege of constructing, reconstructing, cleaning, repairing and maintaining at any time, a sanitary sewer and appurtenances along, upon, over, in, through and across the above described property; together with free ingress and egress to and for the said Party of the Second Part, its successors and assigns, its agents and employees, workmen, contractors, equipment, vehicles and tools, along, upon, over, in, through and across said right of way; together with the right of access by its successors and assigns, its agents and employees, workmen, contractors, equipment, vehicles and tools to said right of way from the nearest public street, over and across the adjoining property, if such there be; otherwise by such route or routes across said adjoining property as shall occasion the least practicable damage and inconvenience to the Party of the First Part, for constructing, cleaning, repairing and maintaining said sanitary sewer and appurtenances; together with free ingress and egress over the land immediately adjoining for maintenance, repair and replacement as well as the initial construction of said sewer.

IN WITNESS WHEREOF the said Party/Parties of the First Part have executed this indenture the day and year first above written.

**FROM:** Paul R. Eldredge, General Manager/District Engineer  
Sheila Tolbert, Human Resources Manager

**SUBJECT:** Agenda Item No. 11 - Meeting of June 27, 2016  
**Provide Direction Regarding 2016 Board Compensation Survey**

### **Recommendation**

Provide direction as necessary regarding a Board Compensation Survey

### **Background**

At the December 14, 2015, Board meeting it was requested that the District prepare a survey of Board compensation for surrounding agencies with comparable services. Previously, Human Resources conducted a Board of Director Survey in 2011 and 2014. Both of these surveys included salary (per diem rate) and various benefits.

The agencies used in the 2011 survey were as follows:

1. Alameda County Water District
2. Castro Valley Sanitary District
3. Central Contra Costa Sanitary District
4. Delta-Diablo Sanitary District
5. Dublin San Ramon Services District
6. East Bay Municipal Utility District
7. Oro Loma Sanitization District
8. South Bayside System Authority
9. Vallejo Sanitation and Flood Control District
10. West County Wastewater District

In 2014, the list of agencies included:

1. Alameda County Water District
2. Calleguas Water District
3. Central Contra Costa Sanitary District
4. East Bay Municipal Utility District
5. Inland Empire Utilities, Irvine Ranch Water District
6. Los Angeles County Sanitation District
7. Metropolitan Water District of So Cal
8. Triunfo Sanitation District
9. Vallecitos Water District
10. Las Virgenes MWD

Either of the lists of agencies above, or some combination thereof would be sufficient to do the survey. Other agencies the Board could consider, not already included above could be:

1. Central Marin Sanitation Agency
2. Fairfield- Suisun Sewer District
3. Encina Wastewater Authority
4. Irvine Ranch Water District
5. Monterey Regional Water Pollution Control
6. Silicon Valley Clean Water
7. West County Wastewater District

In addition to direction on which agencies to survey, staff would also like to clarify if the Board is interested in just the salary, or all benefits (salary, medical retirement etc.). The length of time necessary to complete the survey will depend upon the number of agencies and the level of information desired. The intent is start the survey as soon as possible with the current schedule of sharing with the Board in late fall of 2016.

**TO:** Board of Directors - Union Sanitary District

**FROM:** Paul R. Eldredge, General Manager/District Engineer

**SUBJECT:** Agenda Item No. 12 - Meeting of June 27, 2016  
Information Item: **Monthly Operations Report for May 2016**

### **Background**

Attached are Monthly Operations Reports for May 2016. Staff is available to answer questions regarding information contained in the report.

### **Work Group Managers**

General Manager/Administration	Paul Eldredge	GM
Business Services	Pamela Arends-King	BS
Collection Services	James Schofield	CS
Technical Support	Sami Ghossain	TS
Treatment and Disposal Services	Armando Lopez	T&D
Fabrication, Maintenance, and Construction	Robert Simonich	FMC

### **ODOR COMPLAINTS:**

There were two odor complaints received in the May 2016. The first was received from Fremont. No odors were found after staff inspected the USD mains, storm drain inlets, alley adjacent to the building, and grease traps. The complaining party was advised they should contact the property manager to request they inspect the drains and ceiling pipe vents for the source of the odor inside the building. The second complaint was received from a Union City resident regarding an odor reportedly emanating from the treatment plant. The Plant Coach and operator conducted two odor patrols in the afternoon and no odor was detected.

### **SAFETY:**

- There was a near miss in the treatment plant while using the steam cleaner. An employee bypassed the pressure relief valve causing the equipment to overheat and damage the hose. Procedures were established to prevent this type of incident in the future.

- We had an employee decline medical treatment for an injury in February. He tripped fell and sprained his finger. In May he reported he was still having pain. He went to the doctor who put him on restricted duty to allow healing.
- A contractor had an employee get injured in a confined space. The employee couldn't get himself out of the space so the Fire Department was called to assist. The employee was removed from the space and taken to the hospital. The employee was back to work the next week.
- USD has been asked to participate with Union City and Newark to develop a combined Hazard Mitigation Plan. Mike Marzano will be attending.

**STAFFING & PERSONNEL:**

**Completed Recruitments Resulting in Promotions:**

- 5/16/16 Tom Herlihy promoted to Collection Systems Trainer

**Other Completed Recruitments:**

- 5/31/16 Mosa Tatakamotonga started as Mechanic I

**Recruitments Opened:**

- 5/16/16 Collection Services Worker I Recruitment opened
- 5/2/16 Plant Operator III/Plant Operator III Trainee Recruitment opened

**Other Accomplishments:**

- Offer made for Associate Engineer – Rod Schurman, Date of Hire was 6/6/16
- Offer made for Training and Emergency Response Programs Manager – Karoline Terrazas, Date of Hire was 6/6/16
- 2016 USD Leadership School applications were sent out
- Harassment Free Workplace training started; total of 5 employee sessions and 1 management/coach session will be completed
- Responded to draft PERS audit findings

**G.M. ACTIVITIES:** For the month of May, the GM was involved in the following:

- Participated in the Executive Team Retreat May 10-11, 2016
- Participated in the Board Closed Session May 23, 2016
- Attended the Certificates of Merit event held May 25, 2016

## ODOR REPORT May 2016

During the recording period from May 01, 2016 through May 31, 2016, there were two odor related service requests received by the District.

### **City: Fremont**

#### **1. Complaint Details:**

*Date:* 5/6/2016

*Location:* MOWRY AV

*Wind (from):* North

*Temperature:* 65 Degrees F

*Time:* 2:25 pm

*Reported By:* Don Cheema

*Wind Speed:* 10 mph

*Weather:* Rainy

#### **Response and Follow-up:**

We inspected USD mains, storm drain inlets, the alley adjacent to the building and grease traps. We found no odors in the area. The problem resided inside the building only. We told them to call the property manager and have them inspect the drains and ceiling pipe vents for the source of the odor inside the building.

### **City: Union City**

#### **2. Complaint Details:**

*Date:* 5/25/2016

*Location:* MACKINAW ST

*Wind (from):* Northeast

*Temperature:* 64 Degrees F

*Time:* 2:00 pm

*Reported By:* Sam Dua

*Wind Speed:* 11 mph

*Weather:* Cloudy

#### **Response and Follow-up:**

Resident called on 5/26/2016 to report odor for the previous day. Reports of no odors detected for the previous two weeks and there were no odors on the day of the call. Plant Coach and Operator conducted two odor patrols at 4:50 p.m. and 5:35 p.m. to confirm there were no odors detected.

**Legend**

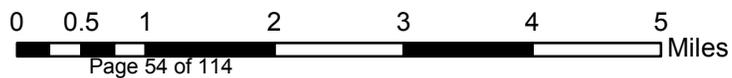

**Odor Complaints: May 2016**

- ★ Odor found, resolution in progress (0)
- Odor found, not related to USD (0)
- ▲ No odor found (2)

**Odor Complaints: Jun. 2015 to Apr. 2016**

- ★ Odor found, USD resolved (9)
- Odor found, not related to USD (4)
- ▲ No odor found (10)

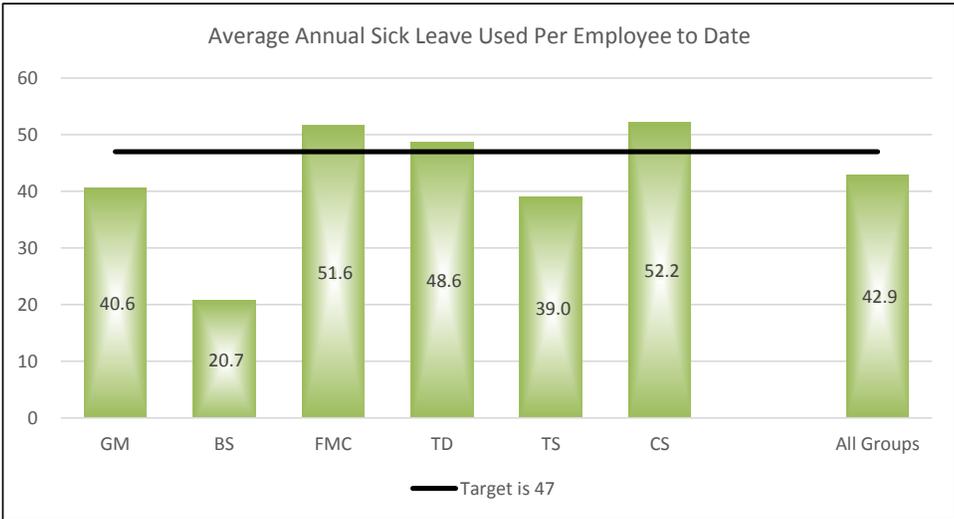

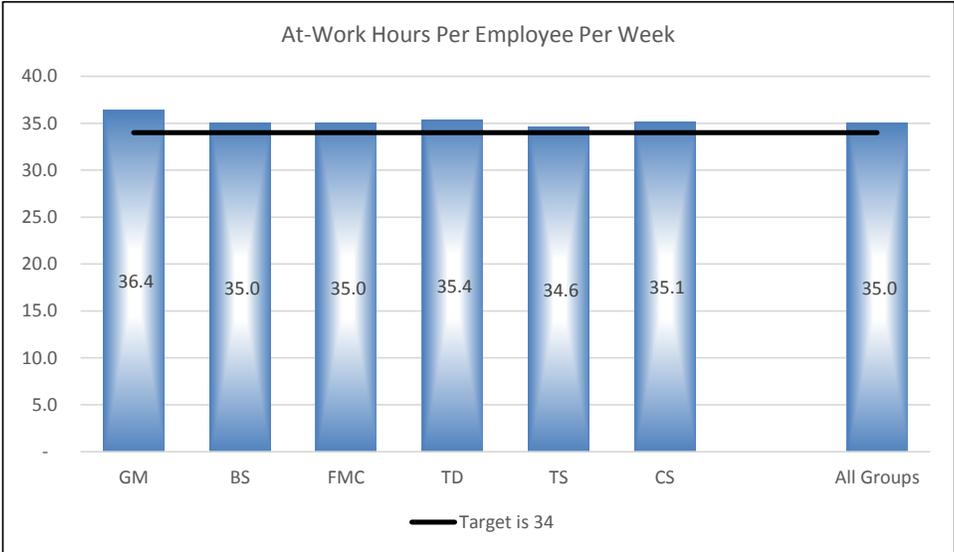

**Location of Odor Reports  
June 2015 to May 2016**

**HOURS WORKED AND LEAVE TIME BY WORK GROUP**

**July 2, 2015 through June 15, 2016**

**Weeks to Date: 50 out of 52 (96.2%)**

**NOTES**

- (1) Regular hours does not include hours worked by part-time or temporary employees.
- (2) Overtime hours includes call outs.
- (3) Discretionary Leave includes Vacation, HEC, Holiday, MAL, FLEX, Funeral, Jury Duty, Military, OT Banked Use, Paid Admin., SLIP, VRIP, Holiday Banked Use leaves.
- (4) Sick Leave includes sick and catastrophic sick leaves as well as protected time off, of which the District has no discretion.

An employee using 15 vacation, 11 holiday, 2 HEC, and 5 sick days will work an average of **34.9** hours per week over the course of a year; with 20 vacation days, **34.2** hours per week.

MONTHLY OPERATIONS REPORT FOR THE MONTH OF MAY 2016  
TECHNICAL SUPPORT WORK GROUP SUMMARY

**Capital Improvement Program**

**Thickener Control Building Improvements Project** – Concrete placements for the below grade walls of the new structure have been completed. Installation of underground process pipelines and formwork for scum pit walls and splitter box support columns are in progress.

**Fremont and Paseo Padre Lift Stations Improvements Project** – Contractor is awaiting the fabrication of the lift pumps and electrical equipment. Contractor will be resuming work on June 1<sup>st</sup> at Paseo Padre Lift Station.

**MCC and PLC Replacement Project, Phase 3** – Contractor completed disconnecting equipment from the existing MCC in the Degritter Building and reconnecting it to the new MCC. The new MCC is functional and the existing MCC has been removed from the building.

**Plant Facilities Improvements Project** - Contractor completed installation of the two groundwater pumps and control panels at Primary Clarifier 1-4. Testing of the pumps and control panels are scheduled in June. Contractor completed installation of the handrail on the roof of the Degritter Building.

**Aeration Blower Project** – Aeration air piping modifications and blower installation have been completed. Startup and functional testing of the blower was completed on May 26<sup>th</sup>. Staff training and operational testing is scheduled in June.

**Aeration Basins 5-7 Diffuser Membranes Replacement Project** – Aeration Basin No. 5 diffuser replacement has been completed. Aeration Basin No. 6 diffuser replacement started on May 31<sup>st</sup>.

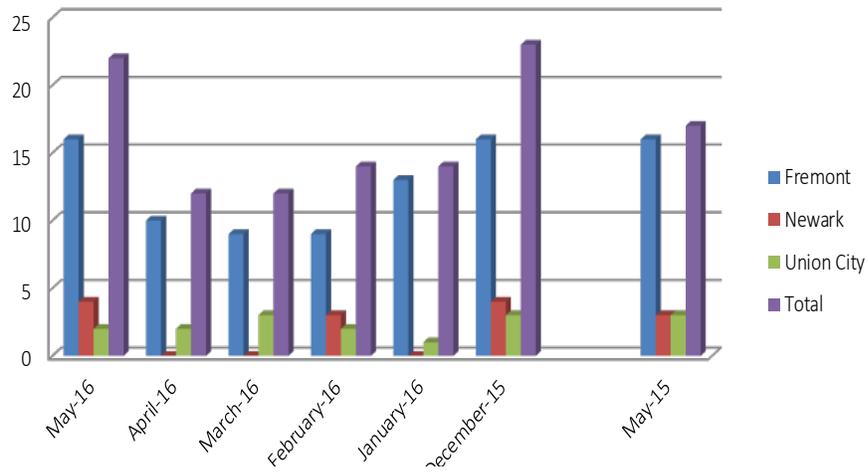

**Alvarado-Niles Road Sanitary Sewer Rehabilitation Project** – Submittals are in progress. Mobilization and trenching and setup of the eastern main bypass are in progress.

**Newark Backyard Sanitary Sewer Relocation Project, Phase 3** – The majority of key submittals have been received and reviewed. The Contractor has mobilized and the new SS main location on Bonnie St., Zulmida Ave., Noel Ave., and Wilma Ave. has been laid out in the field. The investigation of critical utility crossings and existing laterals on Christine Court has started and is ongoing.

**Customer Service**

Trouble Calls dispatched from the Front Desk during business hours:

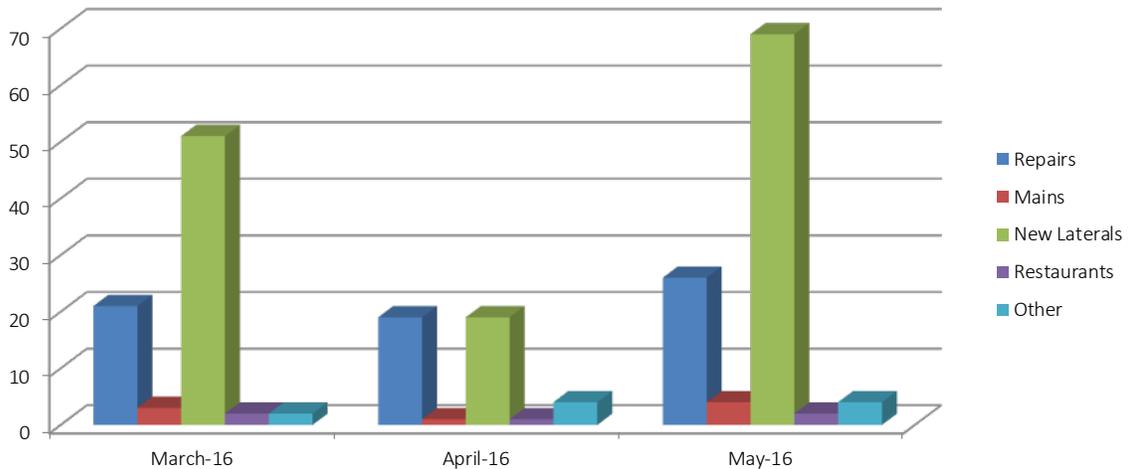

Month	Fremont	Newark	Union City	Total
May-16	16	4	2	22
April-16	10	0	2	12
March-16	9	0	3	12
February-16	9	3	2	14
January-16	13	0	1	14
December-15	16	4	3	23
<i>May-15</i>	<i>16</i>	<i>3</i>	<i>3</i>	<i>17</i>
6-Month Total				<b>97</b>

**Sewer Permits Issued**

Month	Repairs	Mains	New Laterals	Restaurants	Other
May-16	26	4	69	2	4
April-16	19	1	19	1	4
March-16	21	3	51	2	2

New Laterals - New residential lateral connections  
 Other - Non-residential construction (except restaurants)

**Communication & Graphics**

- Updated Union City staff regarding Alvarado Niles Road project activities
- Organized winners of Alameda County Science and Engineering Fair to attend May 9<sup>th</sup> Board meeting, arranged for award checks, certificates, and refreshments for presentation
- Continued management of USD Newsletter project – final review of draft, worked with graphic artist and printer, completed proof review and in-person check of job while on the press, confirmed receipt of mailer by post office
- Legislative activities: Provided legislative update to General Manager, scheduled conference call for GM and CASA representatives to discuss SB 1069 – accessory dwelling units – attended state and federal legislation conference calls. Developed and sent letters to legislators regarding Budget; researched and developed responses to the Board’s request for details regarding items on legislative update
- Participated as judge for 2016 CASA Awards – reviewed applications; conference call to discuss with other judges and determine winners in all categories
- Planned with CASA communications workgroup for regional seminars regarding communication – will co-present at seminar media relations sessions in October 2016.
- Partnered with website update project manager to prepare for website content management system training for team editors
- Updated information on several pages of current website

**Environmental Compliance**

**Pollution Prevention Program**

USD’s Environmental Compliance team conducts pollution prevention inspections to restaurants, car wash businesses, and other commercial facilities. EC also conducts inspections and enforcement for the City of Fremont’s Environmental Services group. We conduct over 600 Stormwater compliance inspections every year to ensure that commercial facilities, including restaurants and auto shops, comply with City Ordinance requirements, and do not discharge pollutants to the creeks and bay.

For the past month, the EC team conducted 108 Stormwater (Urban Runoff), and 80 FOG (restaurant) inspections. During this reporting period, Inspectors identified 43 Stormwater and 19 FOG enforcement actions. Fifteen (15) of the Stormwater enforcements resulted in administrative fines ranging from \$100 to \$500. Two (2) of the administrative fines were for illicit discharges (one of which was a repeat), and a total of 14 were for repeated violations.

**Urban Runoff Inspections and Enforcements**

May 2016	No. of UR Inspections	VW	WL	NOV	AF	LA	Total Enforcements	No. of Illicit Discharge/s	2
	108	15	0	13	15	0	43	% enforcement	40%

**FOG Inspections and Enforcements**

May 2016	No. of FOG Inspections	VW	WL	NOV	AF	NOD	Total Enforcements	% enforcement	24%
	80	9	8	2	0	0	19

Home Depot OWOW Training	5/25/2016	Doug Dattawalker

Engineering/Construction

No. of projects under construction: **8**

	Construction Projects	Capital (\$1000)	Scheduled Completion	Completed Scope	Completed Time	Comments for May 2016 Activities
1.	Thickener Control Building Improvements Project – Curtis	\$9,990	12/16	73%	79%	Concrete placements for below grade walls of the new structure has been completed.
2.	Fremont and Paseo Padre LSs Improvement - Derek	\$2,801	10/16	4%	64%	The contractor is awaiting delivery of lift pumps and electrical equipment. Work will resume on June 1 <sup>st</sup> .
3.	MCC and PLC Replacement Project, Phase 3 – Thomas	\$869	12/16	56%	46%	The new MCC in the Degritter Building is functional and the existing MCC has been removed.
4.	Plant Facilities Improvements Project – Thomas	\$1,570	1/17	29%	38%	The contractor completed installation of the groundwater pumps and control panels at Primary Clarifier 1-4 and the handrail on the Degritter Building roof.
5.	Aeration Blower Project – Curtis	\$1,065	8/16	95%	73%	Aeration air piping modifications and blower installation have been completed.

	Construction Projects	Capital (\$1000)	Scheduled Completion	Completed Scope	Completed Time	Comments for May 2016 Activities
6.	Aeration Basins 5-7 Diffuser Membranes Replacement Project – Kevin	\$313	9/16	40%	28%	Aeration Basin No. 5 diffuser replacement completed. Aeration Basin No. 5 diffuser replacement started on May 31 <sup>st</sup> .
7.	Alvarado-Niles Road SS Rehabilitation Project – Chris E.	\$3,283	11/16	7%	26%	Submittals in progress. Eastern main bypass trenching and set up in progress.
8.	Newark Backyard SS Relocation Project Phase 3 –Al/Rollie	\$2,107	09/16	5%	28%	Contractor has mobilized and began onsite sewer lateral investigations on private properties.

### Design/Study

No. of projects in design/study phase: 12

	Design/Study Projects	Capital (\$1000)	Scheduled Completion	Completed Scope	Completed Time	Comments for May 2016 Activities
1.	Alvarado Basin Master Plan Flow Monitoring and Condition Assessment - Rollie	\$90	6/16	75%	83%	Flow monitoring has been completed. Condition assessment portion awaiting subconsultant to return from emergency personal leave.
2.	Cast Iron Lining Phase VI – Andrew	In-House	10/15	99%	99%	Design is 99% complete. Construction is scheduled for FY18.
3.	Pine St. Easement Improvements – Chris E.	\$87	4/16	100%	100%	Bids opened on May 31 <sup>st</sup> . Award to Valentine Corp. on June 13 <sup>th</sup> .
4.	Plant Site Use Study – Curtis	\$238	1/16	100%	100%	Study complete.
5.	Plant Solids System / Capacity Assessment – Curtis	\$238	6/16	60%	85%	Staff provided review comments for draft Chapter 2 - Capacity Evaluation on May 26 <sup>th</sup> .
6.	Generator Controls Upgrade Project – Raymond	\$72	2/16	100%	100%	RFP Issued for pre-design and design development phases. Proposals due end of June.

	Design/Study Projects	Capital (\$1000)	Scheduled Completion	Completed Scope	Completed Time	Comments for May 2016 Activities
7.	Chemical Tanks and PVC Piping Replacement - Thomas	\$160	6/16	90%	90%	Board approved Amendment No. 2 to Task Order No. 2 with the consultant for additional scope.
8.	Recycled Water Feasibility Study Update – Chris E.	\$130	08/16	87%	87%	Study is in progress.
9.	FM Manways Corrosion – Chris E.	\$14	06/16	90%	90%	Pre-design report being finalized.
10.	FMC Building – Chris E.	\$82	03/16	100%	100%	Study complete.
11.	Sludge Degritter System Project – Kevin	\$198	08/16	65%	65%	90% design submittal received May 18 <sup>th</sup> and review of submittal in progress.
12.	Cogeneration Improvements Project - Derek	\$27	09/16	50%	31%	Staff will re-advertise in September 2016. Additional scope items are being added to the project.

COLLECTION SERVICES  
ACTIVITIES REPORT  
April and May 2016

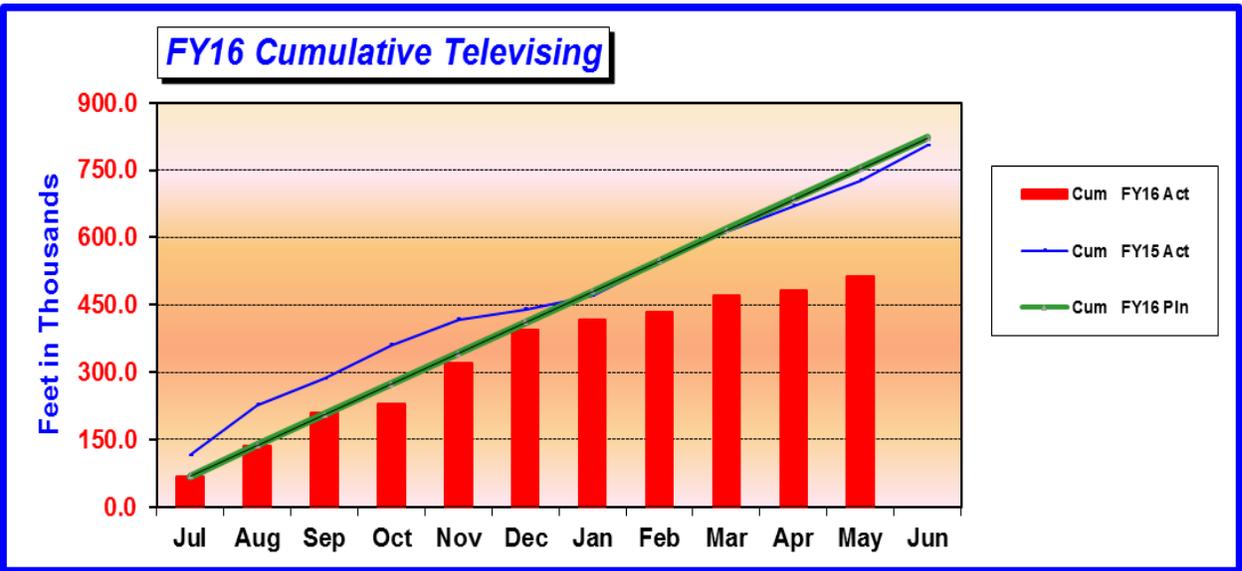

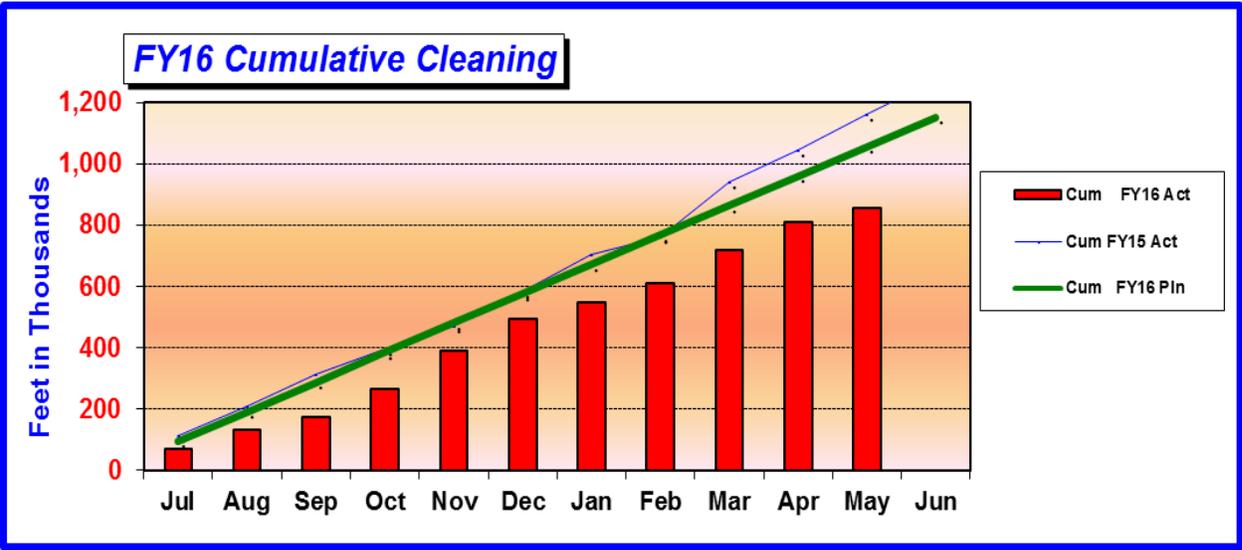

**Progress/Accomplishments**

- Completed 9.0 miles of cleaning and 6.3 miles of televising of sewer lines in May
- Completed 17.0 miles of cleaning and 2.0 miles of televising of sewer lines in April
- Responded to 14 service request calls in April and 27 service requests calls in May
- Completed a total of 20 main repairs in April and 32 main repairs in May
- No spills for the month of May (Last spill 4/06/16 Category 3)

**Bay Area Spills for Same Time Period**

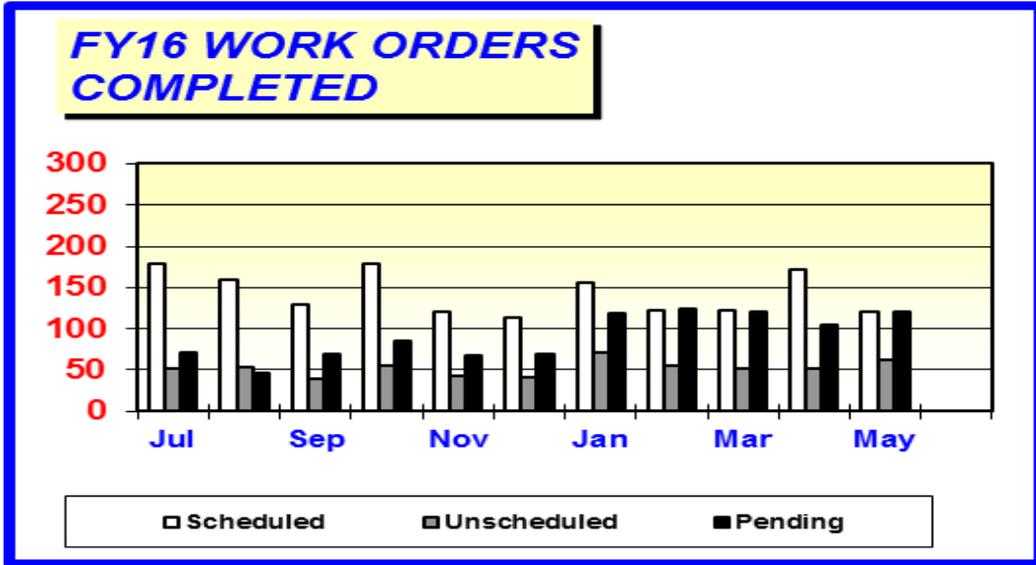

# Performance Measures

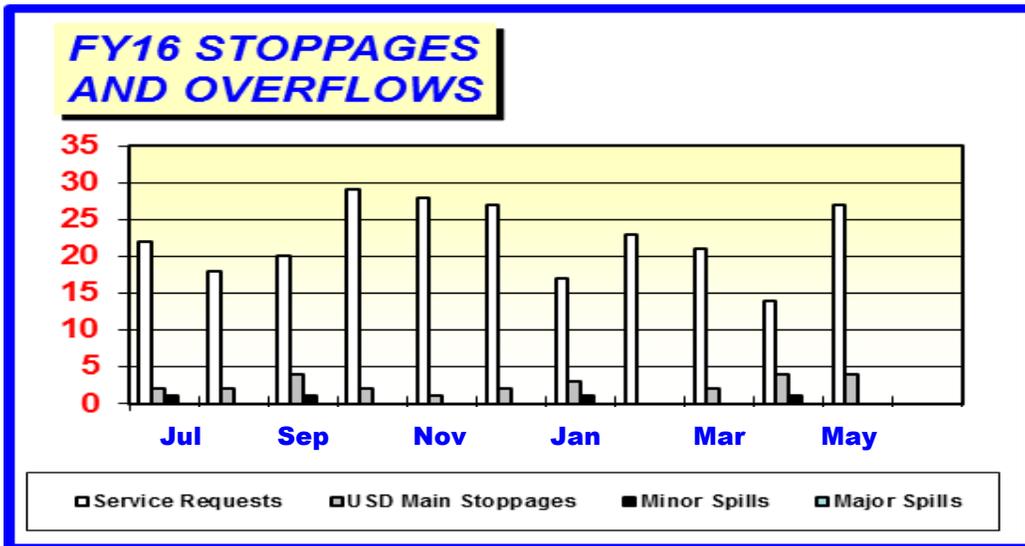

**Other Collection Services Status Data:**

**Support Team Work Order Status:**

**C/S Maintenance Status:**

**FMC  
Activities Report  
May 2016**

**Progress/Accomplishments**

- Completed 96% of preventive maintenance activities for the month of May
- Completed 131 corrective maintenance work orders for the month of May
- Cheese Tank No. 2 placement and hook up
- Cheese pump piping replacement to 2" line to Digester No. 4
- Fremont Lift Station accumulator installation
- Thickener No. 3 and No. 4 annual maintenance
- Secondary Clarifier No. 3 annual maintenance
- Installation of Co-Gen portable air conditioning units

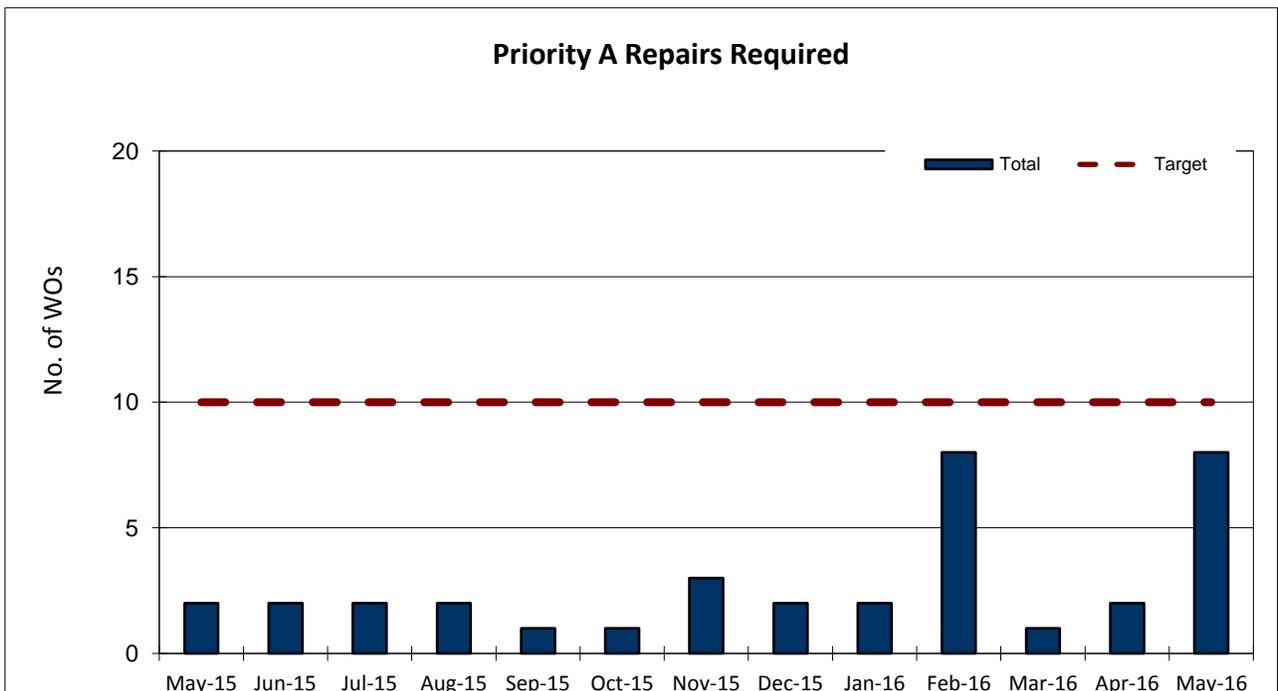

**Future Planning**

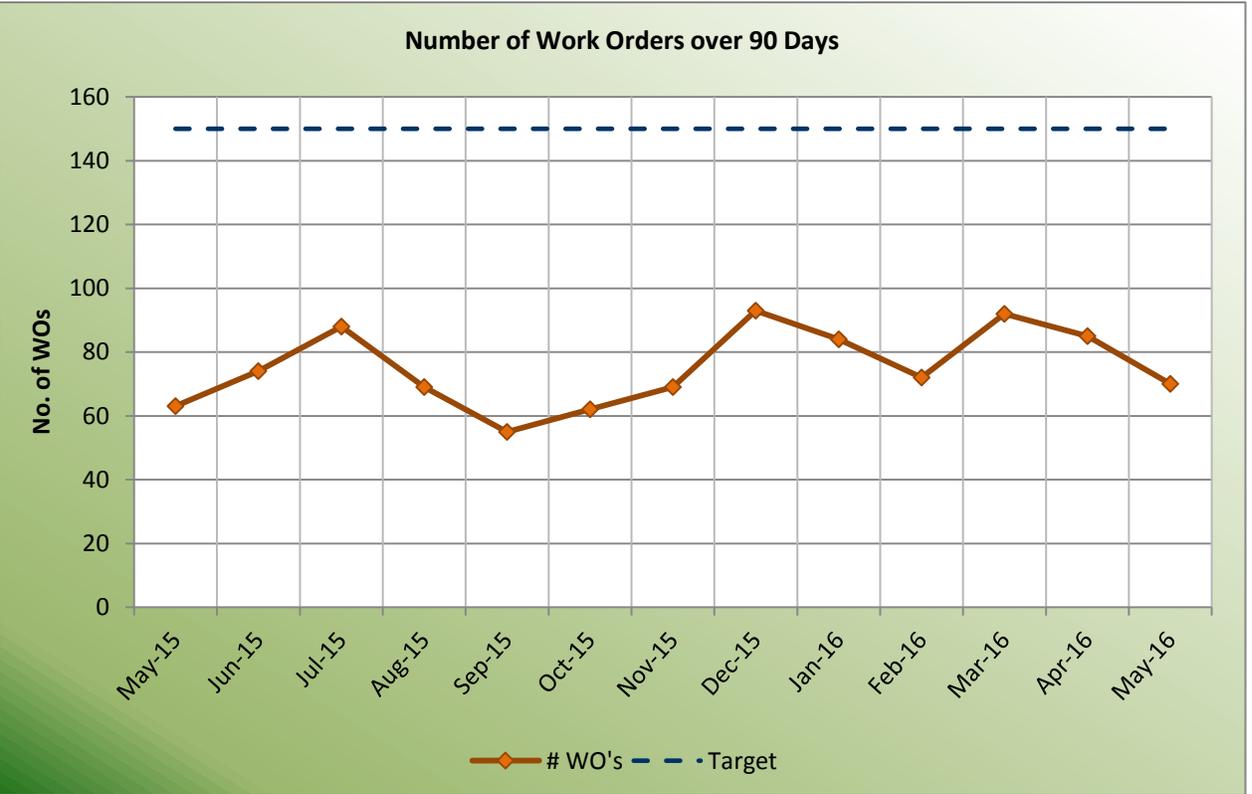

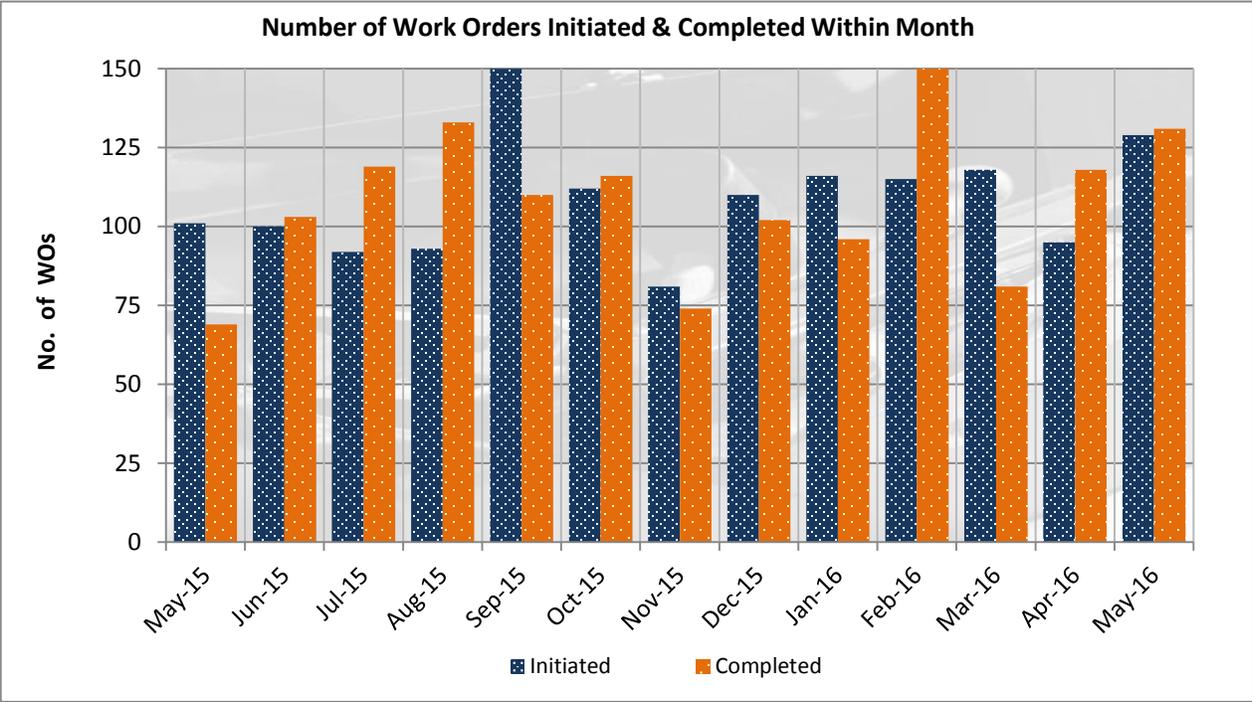

- Secondary Clarifier No. 1 annual maintenance
- Mixing Pump No. 6a rebuild
- Scrubber No. 4 & No. 5 eyewash installation
- Effluent Pump No. 2 Rebuild
- Removal of cheese tanks and piping
- Effluent screen sprocket and chain replacement
- Installation of new Site Waste Pump #3

**Other**

- Plant shutdown on 6/24 to change breaker in Main Distribution, along with other contractor electrical

**Performance Measurements**

**Treatment & Disposal  
Activities Report  
May 2016**

**Progress/Accomplishments**

- Maintained 100% compliance with NPDES permits.
- Completed 99% preventive maintenance activities for the month of May.
- Continued support on the Engineering Solids Capacity Study.
- Attended ACWD/USD Reclaim Water Project meeting.
- Attended BACWA Permits meeting.
- Continued monitoring of the Co-digestion trial.

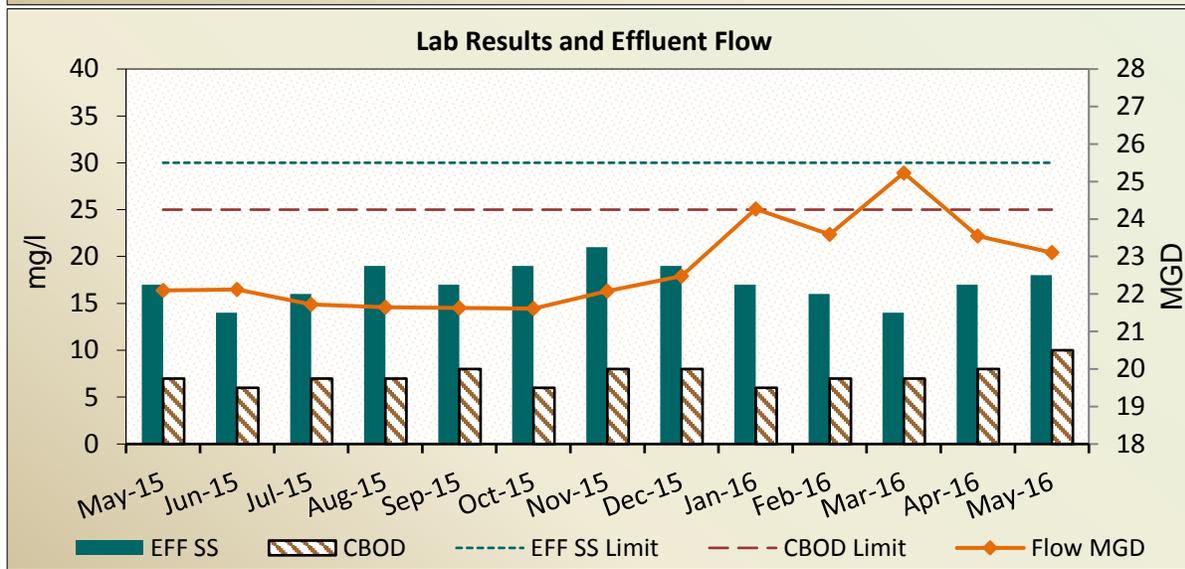

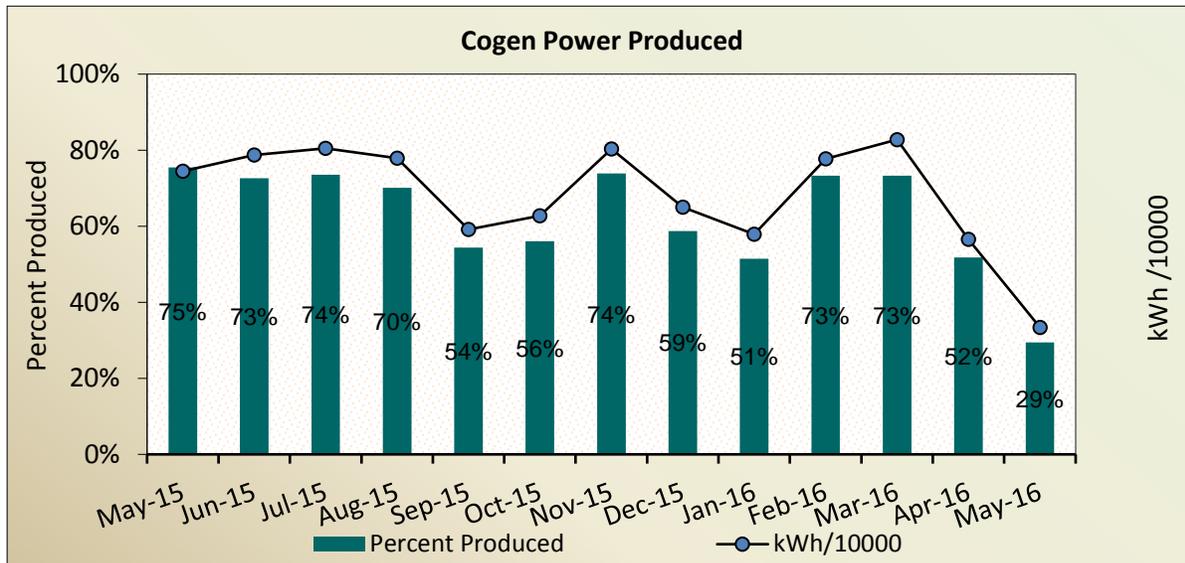

**Future Planning**

- Ongoing data support for the EBDA Permit renewal process.

**Other**

- Cogen system produced 29% of power consumed for the month of May.

## Performance Measurements

USD's Final Effluent Monthly Monitoring Results				
Parameter	EBDA Limit	Mar-16	Apr-16	May-16
Copper, µg/l	78	6.9	6.7	6.7
Mercury, µg/l	0.066	0.00343	0.00389	0.00362
Cyanide, µg/l	42	< 3	< 3	7.000
Ammonia- N, mg/L (Range)	130	32 - 42	36 - 49	37 - 44
Dioxin-Toxicity Equivalent (TEQ), µg/l	$2.8 \times 10^{-8}$	not tested	not tested	not tested
Fecal Coliform, MPN/100ml (Range)				
• 5-Sample Geometric Mean	500	19 - 63	28 - 38	16 - 64
• 11-Sample 90th Percentile	1100	74 - 147	42 - 74	59 - 65
Enterococci *				
• 5-Sample Geometric Mean	242	31 - 63	41 - 84	52 - 110
E = Estimated value, concentration outside calibration range. For SIP, E = DNQ, estimated concentration.				
* Enterococci values are the weekly concentration range not the 5-Sample Geometric Mean range.

## Celebrating Measure AA

### About Measure AA

In 1988, with increased urbanization in the East Bay and skyrocketing land prices, EBRPD struggled to keep pace with the growing population. With their commitment to open space and regional parks, over two-thirds of the voters in Alameda and Contra Costa counties voted for Measure AA - a \$225 million bond measure. Passage of Measure AA provided provided funding the acquisition and preservation of 34,000 acres of some of the most beautiful and pristine East Bay land. The result is the present network of parks, open space lands, and trails, recognized as one of the best examples of integrated parklands in any urban region in the United States.

Leverage: Since Measure AA's passage, EBRPD has more than doubled the investment by leveraging money to secure over \$49 million of matching funds from other public agencies and private donors at no additional cost to taxpayers. In addition, EBRPD officials have strategically refinanced existing Measure AA bonds at lower interest rates, saving taxpayers more than \$14 million over the life of the bonds.

Community Support: With about 25 percent of Measure AA funds allocated toward local park projects, EBRPD has funded close to \$60 million worth of recreational needs for every city in its jurisdiction, including restoring swimming pools, sports fields, playgrounds, and community and senior centers.

### Measure AA Projects

These regional parks, shorelines, visitor centers, trails, recreation areas, and wetlands benefited from Measure AA - either through additional land acquisition or capital improvements.

#### Berkeley to Richmond

- Parks: Tilden, Wildcat Canyon
- Shorelines: Brooks Island, Eastshore State Park, Miller/Knox, Point Pinole
- Visitor Center: Tilden's Environmental Education Center
- Trails: Point Isabel to Miller/Knox, Point Pinole to Lone Tree, Wildcat to Point Pinole

### Oakland to Lamorinda

- Parks: Anthony Chabot, Briones, Claremont Canyon, Leona Open Space, Redwood, Sibley, Huckleberry
- Recreation Areas: Roberts, Temescal
- Trails: Las Trampas to I-680

### Hayward to Castro Valley

- Parks: Garin/Dry Creek, Vargas Plateau
- Shoreline: Hayward Shoreline
- Visitor Centers: Garin Barn Visitor Center, Dry Creek Meyers Estate
- Recreation Areas/Lakes: Quarry Lakes, Del Valle
- Trails: Cull Canyon to Garin, Garin to Mission Peak, Hayward Shoreline to Coyote Hills
- Wetlands: Alvarado Wetlands

### Alameda to San Leandro Shoreline

- Shorelines: Crown Beach, Martin Luther King Jr., Oyster Bay
- Visitor Center: Crab Cove
- Recreation Areas: Cull Canyon
- Trails: Martin Luther King Jr. to Oyster Bay

### Livermore, Pleasanton, Fremont

- Parks: Coyote Hills, Dublin Hills, Mission Peak, Pleasanton Ridge, Sunol/Ohlone
- Visitor Centers: Ardenwood Historic Farm, Sunol
- Recreation Areas: Shadow Cliffs, Quarry Lakes
- Trails: Cull Canyon to Garin, Del Valle to Shadow Cliffs, Garin to Mission Peak, Hayward Shoreline to Coyote Hills, Iron Horse Regional Trail, Pleasanton Ridge to Las Trampas, Shadow Cliffs to Sunol

### Central Contra Costa County

- Parks: Bishop Ranch, Briones, Diablo Foothills, Las Trampas, Morgan Territory, Round Valley, Sycamore Valley
- Trails: California State Riding and Hiking Trail, Contra Costa Canal Trail, Iron Horse Regional Trail, Las Trampas to I-680, Big Break to Round Valley, Pleasanton Ridge to Las Trampas

### Martinez to Discovery Bay

- Parks: Black Diamond Mines, Briones, Clayton Ranch, Crockett Hills, Vasco Caves
- Shorelines: Big Break, Carquinez Strait, Delta Access, Delta Shoreline, Martinez, Point Molate, San Pablo Bay Shoreline
- Visitor Center: Greathouse Visitor Center at Black Diamond Mines
- Recreation Area: Contra Loma
- Trails: Black Diamond to Mt. Diablo Regional Trail, California State Riding and Hiking Trail, Carquinez Strait Trail, Iron Horse Regional Trail, Point Pinole to Lone Tree Point, Wildcat to Point Pinole
- Wetlands: Pittsburg Wetlands, Richmond Wetlands

# EAST BAY TIMES

June 5, 2016

## *Hostile takeover bodes ill for Bay Area planning agencies*

The planned merger of the Bay Area's two regional planning agencies has devolved into a hostile takeover that bodes badly for residents concerned about rational alignment of housing, jobs and transportation.

The Metropolitan Transportation Commission and the Association of Bay Area Governments should be combined to ensure better coordination and avoid duplication.

But not like this.

MTC threatened ABAG's financial existence until it capitulated last month, agreeing to turn over its entire staff with only a promise that at some distant date the two sides will discuss how, or if, their governing boards should merge.

ABAG had few options. By historical fluke, it depends on MTC for critical funding that the transportation commission plans to cut off.

Under the new deal, MTC Executive Director Steve Heminger, who already exercises inordinate influence over his agency, will also control ABAG staff starting next year.

"What we're seeing right now is a self-serving power grab that serves MTC to the detriment of our local communities," says Assemblyman Marc Levine, D-San Rafael.

In other areas of California, one regional agency oversees planning for both transportation and land use. But the Bay Area has two. Each has a board comprised of local elected officials, usually selected by fellow city council members and county supervisors to represent their regions.

ABAG, responsible for landuse and housing policy, prides itself in local control, with 109 representatives from every Bay Area county and every city except Corte Madera. MTC, responsible for allocating transportation funding, has 18 voting members, roughly apportioned by population. But Heminger runs the show because commissioners often fear he could cut future transportation funding for their communities.

"The MTC executive director has a tremendous amount of concentrated power," notes Assemblywoman Catharine Baker, R-Dublin.

Heminger and MTC Chairman Dave Cortese forced merger discussions last year by threatening to withhold \$4 million of annual funding the transportation agency had traditionally provided ABAG.

The amount is rounding error at MTC, which spent more on change orders for the Bay Bridge broken bolts or its new downtown San Francisco headquarters. But, it represents one-third of ABAG's annual personnel costs.

The two boards agreed then to negotiate a joint governance structure as part of a merger plan. But MTC maintained a July 1 funding-cutoff threat if no deal was reached.

After months of talks and options from an outside consultant, MTC balked at a new governance structure. It just wanted ABAG's staff.

So ABAG last month passed resolutions caving to MTC's demands. It was that or lose the funding.

After relinquishing its workers early next year, ABAG will contract with MTC for their services. "It's uncertain whether ABAG is really going to be able to have any influence over housing policy issues without direct control over its staff," says Novato Mayor Pat Eklund, an ABAG member who opposed the deal.

Significantly, ABAG's executive board, over objections of many members, agreed to relinquish the staff without discussion of the most important issue — governance.

Instead, the two agencies are to sign a memorandum of understanding to "pursue new governance options within a specified time period." ABAG President Julie Pierce says that could be three or four years. That's absurd.

Once Heminger and the MTC board control the employees, they will have little incentive to compromise on sharing control.

Then there's Heminger's role. Last fall, many involved said a merger would only work with a new leader. Instead, Heminger remains and is ultimately accountable only to the MTC board.

While there are rumors he will retire, there is no timeline. He could remain for years. In its resolution, the ABAG board called for Heminger's successor to report to the boards of both agencies.

What this exposes is that two boards with tremendously important missions and, in the case of MTC, huge power to dole out public money are not answerable to the voters.

They offer up self-serving arguments that it's better that way, that the current system insulates them from political influence.

But, instead, notes Assemblyman Levine, "there's no accountability. We've seen that by the way MTC has coerced ABAG into the position it's in today."

That's why Levine advocates for one directly elected regional board. Maybe he's right.

## Cities aim to cover clean water costs: San Mateo, Foster City to raise sewer rates for treatment plant upgrades

Jun 6, 2016

**By Samantha Weigel Daily Journal staff**

San Mateo residents will be asked to begin paying more for what they send down the drain as the city seeks to fund a \$900 million sanitary system and wastewater treatment plant overhaul — which will also allow it to adhere to state mandates that it cease polluting the environment with sewage spills.

On Monday, June 6, the City Council will review the potential environmental impacts of its Clean Water Program and consider raising rates 12 percent to support the 10-year capital improvement plan.

The city has an unfortunate history of sewage spills that led state officials to issue a cease and desist order in March 2009. San Mateo had a severe problem during heavy rainfalls as its system reached capacity and, between 2005 and 2008, nearly 3 million gallons of untreated sewage contaminated city waterways such as creeks, the Marina Lagoon and the San Francisco Bay, according to the city.

In response to the state's orders, the city began planning for the Clean Water Program that will also incorporate new technologies such as a digester that turns biogas into clean natural gas that could be used to fuel city vehicles.

The city's collection and treatment system includes 234 miles of pipelines, 5,555 sewer manholes, 26 pump stations as well as the treatment plant off Detroit Drive. The wastewater treatment plant upgrade will not only support more than 90,000 San Mateo residents, it also filters sewage from residents in Foster City, Hillsborough, unincorporated portions of the county and customers in the Crystal Springs Sanitation District.

Next week, the council will consider a draft environmental review of the program that looked at a range of impacts such as to aesthetics, air quality, geology, greenhouse gases, recreation, transportation and more. Overall, the review found that the only environmental impacts that could not be mitigated to a less-than significant level would be noise and vibration impacts during construction. But ultimately, the Clean Water Program is touted as a major benefit as it will decrease the chances of sewage spills.

The council will also host a preliminary review next week before forging ahead at its June 20 meeting to possibly raise sewer rates 12 percent. The city's current rates are well below the regional median and the cost for an average single-family home would increase from \$56.56 per month to about \$63.35 per month, according to the city.

Because the rates are based on how much sewage a household or property produces, the city recommends residents review their water bills to determine how much they typically consume. The rate is ultimately based on residents' average water consumption from a five-month period between November 2015 and March 2016. It's measured in "CCF" or hundred cubic feet; one of which equates to 780 gallons. The base rate will increase from \$8.08 to \$9.05 per CCF with a minimum charge of \$22.62 per month, according to the city.

Sewer costs are charged annually on a parcel's property tax bill.

While San Mateo is the main owner of the wastewater treatment plant, the next largest shareholder is Foster City, which is responsible for about 25 percent of the plant or an estimated \$112.5 million to cover the Clean Water Program over the next 10 years, according to a Foster City staff report.

The Foster City Council is also considering raising rates for its customers at its own June 6 meeting. An across-the-board 11 percent sewer rate increase has been proposed for residents and commercial properties. The increase for an average single-family home would be from about \$102.94 per two-month billing cycle to about \$114.26 per cycle. Townhomes, apartments and condominiums would experience an average increase from about \$86.46 per cycle to about \$95.98 per cycle, according to the report.

Based on state laws, if a majority of the residents protest the rate increases, the respective city would be prohibited from charging more for its sewer rates.

## **Landmark San Francisco Bay parcel tax for wetlands, flood control appears to win**

*By Paul Rogers, [progers@bayareanewsgroup.com](mailto:progers@bayareanewsgroup.com)*

POSTED: 06/07/2016 09:26:48 PM PDT

UPDATED: 06/08/2016 07:03:32 AM PDT

Measure AA, a landmark \$12 annual parcel tax in all nine Bay Area counties to fund wetlands restoration and flood control projects around San Francisco Bay's shoreline, appears to have won approval from voters.

The measure, which would raise \$25 million a year for 20 years, and needed two-thirds to pass, and had 69.3 percent in favor Wednesday morning with all 4,643 precincts counted.

Although there are still some provisional and mail-in ballots that were postmarked on Election Day left to be counted, Measure AA had 837,162 yes votes by 6 a.m. Wednesday -- more than 31,000 above the two-thirds threshold from a total of 1,208,704 cast.

A milestone for the preservation of San Francisco Bay, Measure AA, which will raise roughly \$500 million over the next 20 years, ranks as the largest environmental measure ever approved in the Bay Area. It equals Measure WW, a \$500 million parks bond approved by voters in 2008 to fund the East Bay Regional Park District.

"Tonight's vote is a resounding victory for wildlife and people who want a healthy, beautiful bay for future generations," said David Lewis, executive director of Save the Bay, in Oakland.

The measure was backed by environmental groups such as Save the Bay, the Audubon Society and the Nature Conservancy, along with the Silicon Valley Leadership Group, Bay Area Council, PG&E, Google and Facebook. Supporters raised more than \$2.3 million while opponents, mostly local taxpayer groups who said it was unfair to charge inland homeowners the same rate as bayfront property owners and large corporations, ran a voluntary campaign.

The idea behind the measure was to provide a local source of funding toward the estimated \$1.5 billion job of restoring thousands of acres of tidal marshlands around the bay, from Marin to Alviso, Mountain View to Richmond. Doing so, experts say, will not only bring

back wildlife but give the Bay Area a strategy to deal with rising sea level in the decades ahead.

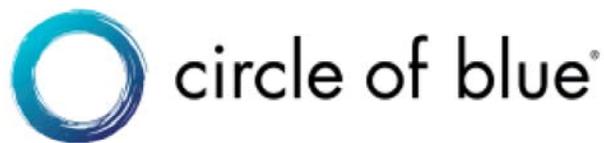

A study in October by more than 100 scientists, coordinated by the Coastal Conservancy and other organizations, found that 54,000 acres of wetlands -- an area twice the size of the city of San Francisco -- need to be restored around the bay in the next 15 years to provide protection from surging storms. The alternative is concrete sea walls, which can cost more and would turn the bay into a giant bathtub over time, with far fewer birds, fish and other wildlife, the report concluded.

Driven by melting ice and expanding warming water, the bay and the Pacific Ocean off California will rise up to 1 foot in the next 20 years, 2 feet by 2050 and up to 5 feet by 2100, according to a 2012 study by the National Academy of Sciences. "We will now be able to address one of our most pressing regional issues — protecting San Francisco Bay from the threat of rising seas and a changing world climate." said Carl Guardino, CEO of the Silicon Valley Leadership Group, a San Jose business-based organization that helped organize the Yes on AA campaign.

The first-ever local tax before voters in every Bay Area county, the measure's apparent success could mean more regional votes on other issues in the years ahead, from transportation to housing. The vote provided a window into the Bay Area's political leanings, with the more liberal counties, such as Marin and San Francisco voting in favor and the more conservative counties, including Napa and Solano, against.

Also Tuesday, voters approved Measure A, which extends the Santa Clara County parks charter fund and earmarks 1.5 cents per \$100 of assessed property tax value to county parks, raising about \$57 million a year.

# EPA Review Finds Clean Water Fund Allocations Need Revision

June 10, 2016 / in United States, Water News, Water Policy & Politics / by Brett Walton

*Funds distributed to the states do not match current state infrastructure needs.*

Great Lakes states, like Illinois, on the shores of Lake Michigan, could lose federal money if Congress decides to change the allocation formula for a key clean water fund. Photo © J. Carl Ganter / Circle of Blue

**By Brett Walton, Circle of Blue**

The distribution of federal funds to states for sewer, wastewater, and stormwater facilities reflects neither changes in state population over the last three decades nor the infrastructure needs for utilities to meet Clean Water Act goals, according to [an EPA analysis \[http://www.circleofblue.org/wp-](http://www.circleofblue.org/wp-)

[content/uploads/2016/06/EPA\\_review\\_of\\_the\\_allotment\\_of](#)

published this week. The pie ought to be sliced differently, the report argues.

The Clean Water State Revolving Fund is the federal government's foremost program for investing in local water infrastructure. Revising the fund's allocation formula, now nearly 30 years old, could drastically shift the resources available to many states and would have the largest effect on small and rural communities, which rely on the loans for expensive projects.

"Crafting an allotment formula has been one of the most controversial issues debated during past reauthorizations of the Clean Water Act," according to Claudia Copeland, a [Congressional Research Service analyst](#)

[\[https://www.fas.org/sqp/crs/misc/RL31073.pdf\]](https://www.fas.org/sqp/crs/misc/RL31073.pdf).

"The dollars involved are significant, and considerations of 'winner' and 'loser' states bear heavily on discussions of policy choices reflected in alternative formulations. This is likely to be the case again, when Congress considers legislation to reauthorize the act."

The EPA report, which was required by the 2014 Water Resources Development and Reform Act, suggests revisions to the allocation formula. The three options presented in the analysis take into account the agency's [needs survey](#) [\[https://www.epa.gov/cwns\]](https://www.epa.gov/cwns), last updated in 2012, population changes, water pollution measurements, and the use of federal funds to attract outside money.

Depending on the weight given to each variable, state fortunes could shift dramatically. Michigan would see its allotment drop by 62 percent under

one option. Arizona, on the other hand, would benefit from a 216 percent rise. In general, the losers are the Great Lakes states. The winners are concentrated in the South and West. To maintain financial stability, however, the agency recommends no change greater than 25 percent. Only Congress can change the formula.

In recent years, Congress has added roughly \$US 1.4 billion per year to the clean water fund, which loaned \$US 5.4 billion in fiscal year 2014 [\[https://www.epa.gov/sites/production/files/2015-04/documents/cwsrf\\_2014\\_financial\\_statements.pdf\]](https://www.epa.gov/sites/production/files/2015-04/documents/cwsrf_2014_financial_statements.pdf).

Just over half the funds went to communities of fewer than 100,000 people.

The money is distributed to the states through an allocation formula based on population and demonstrated need. States, after matching federal funds with a legally required 20 percent state contribution, lend the money at low interest rates to water utilities, sewer districts, and other service providers. New York (11 percent) and California (7 percent) receive the largest shares. Most states fall within the 1 percent to 2 percent range.

The original formula was established in 1987 when Congress abolished the construction grants program, which provided interest-free money for new sewer infrastructure. The grants program then became a loan program. The current formula differs little from the original recipe, though there are now mandatory allocations for Native American tribes and U.S. territories.

## **WATER REUSE AND RECLAMATION PROJECTS IN CALIFORNIA GET \$30M BOOST FROM INTERIOR DEPARTMENT**

**WASHINGTON, DC, JUNE 10, 2016** -- More than \$30 million in funding through the Bureau of Reclamation's Title XVI program were awarded today by Deputy Secretary of the Interior Michael L. Connor. The money will support seven projects that will provide clean water to California communities and promote water and energy efficiency.

"With California in its fifth year of drought, these investments will build resilience for local communities struggling with limited water supplies -- an effort that is more important than ever as the dangers of drought escalate in the face of climate change," Deputy Secretary Connor said. "Using the best available science and technology to improve the growing disparity between water supplies and demand, this funding will help local water managers stretch dwindling resources."

Title XVI funding from the the Bureau of Reclamation is allocated for the planning, design, and construction of water recycling and reuse projects, on a project-specific basis.

The projects awarded funding today include:

- **City of Corona Water Recycling and Reuse Project**, Corona Comprehensive Reclaimed Water Conversion, Phase 1 - \$4 million
- **San Diego Area Water Reclamation Program**, Pure Water San Diego Program - \$5 million
- **Eastern Municipal Water District Recycled Water System**, Recycled Water System Pressurized and Expansion Project - \$1,222,164
- **Lower Chino Dairy Area Desalination and Reclamation Project**, Chino Desalter Phase 3 Expansion Project - \$7.2 million
- **San Diego Area Water Reclamation Program**, Padre Dam Water Recycling Facilities – Phase 1 Expansion - \$4.5 million
- **Sonoma County Water Agency**, North Bay Water Reuse Program - \$4,706,150
- **San Diego Area Water Reclamation Program**, Sweetwater Authority Water Reclamation Project - \$3.7 million

To learn more about these projects, visit <http://www.usbr.gov/watersmart/title/>.

Since 1992, Title XVI funding has been used to provide communities with a new source of clean water, while promoting water and energy efficiency and environmental stewardship. In that time, approximately \$629 million in federal funding through the Title XVI program has been leveraged with nonfederal funding to implement more than \$3 billion in water reuse improvements.

Title XVI has become an important part of the Department of the Interior's implementation of the President's June 2013 Climate Action Plan and the Nov. 1, 2013 Executive Order, Preparing the United States for the Impacts of Climate Change.

## 'Historic agreement'

## \$100 million plan aims to keep creeks, bay clean

*Deal settles lawsuit filed by environmental group against city of San Jose*

**By Paul Rogers**

*June 15, 2016*

[progers@bayareanewsgroup.com](mailto:progers@bayareanewsgroup.com)

SAN JOSE — Settling a major lawsuit from environmentalists, San Jose city officials on Tuesday agreed to spend more than \$100 million over the next decade and beyond to reduce tons of trash that flows into creeks and San Francisco Bay, repair miles of leaking underground sewage pipes and clean stormwater contaminated with harmful bacteria.

The agreement — a Silicon Valley environmental milestone — comes a year after Bay-keeper, a conservation group based in Oakland, sued the city, claiming it was violating the federal Clean Water Act by not doing enough to clean up trash, sewage spills and other pollution in its two major waterways: Coyote Creek and the Guadalupe River.

"We're proud to have reached this historic agreement that will not only reduce harmful pollution into San Francisco Bay but also make San Jose a greener place to call home," said Sejal Choksi-Chugh, executive director of Baykeeper.

The 2015 lawsuit came after a two-year investigation in which Baykeeper employees taking water quality samples found some of the highest levels of sewage contamination and trash concentrations in San Jose's creeks of any Bay Area city.

### **Vote passes 10-1**

On Tuesday, San Jose officials said that they signed the settlement, a legal agreement called a consent decree, to avoid the costs of a lengthy court battle. As part of the settlement, the city admitted to no wrongdoing. Kerrie Romanow, San Jose's environmental services director, said nearly all of the settlement's requirements are actions that the city is either already taking, or was planning to take. "It's a good thing for the community and for the environment,"

Romanow said. "The settlement commits the city to following through on many things we already had programmed, and it has us do some actions sooner."

The San Jose City Council approved the settlement 10-1 with little discussion Tuesday.

Mayor Sam Liccardo told city staff to come back by January with a list of funding options to pay the costs, which could include a stormwater fee or tax that would go

before the voters for approval, along with other funding sources such as state water bond funding or federal money.

“We have very large commitments over the next decade as a result of this settlement,” Liccardo said. “I realize we are not going to eat the elephant all in one bite, but a proposed program over the next 10 years would be helpful.”

The dissenting voice, Almaden Valley Councilman Johnny Khamis, the council’s lone Republican, did not agree with City Attorney Rick Doyle, who said a settlement was the best way to save San Jose money in the long-run.

“This group has used the federal law to extort money out of the city,” Khamis said.

### **City requirements**

Reviewing state records, Baykeeper found that San Jose had 780 sewage spills from 2009 to mid-2014. The 523,265 gallons of sewage was enough to fill 20 backyard swimming pools. And much of the effluent ran into storm drains or creeks, where it polluted the water and flowed to San Francisco Bay.

Romanow said the city has been improving its record, cutting sewage spills to fewer than 100 a year.

San Jose has more than 2,100 miles of sewage pipes connecting to its wastewater treatment plant in Alviso.

Roughly 90 percent of the pipes are made of clay that often crack over time, creating spills or allowing water to rush in during rainstorms, causing sewage to overflow through manhole covers.

The city also has more than 1,000 miles of storm drains, which empty into creeks and the bay.

Tuesday’s settlement requires San Jose to:

- Repair or replace 6.5 miles of sewer pipes a year for the next 10 years, giving priority to cracked pipes older than 50 years that are located near creeks and storm drains. Currently, the city is replacing or repairing about 4.5 miles a year.
- Identify 32 “trash hot spots” along creeks and clean them at least once a year. At six of those locations, in places like Coyote Creek at Watson Park or the confluence of the Guadalupe River and Los Gatos Creek near downtown’s SAP Center, the city must conduct detailed yearly studies measuring how many pounds of trash were found. The city must also determine whether the debris washed out of storm drains or came from homeless encampments or other locations, in addition to finding out how efforts to limit trash cut the volume.
- Construct underground catch basins to filter trash out of stormwater before it flows into creeks. Currently, the city has nine such devices, each of which is the size of a backyard garden shed and can cost \$500,000 or more. Those affect storm drains spread out across 1,328 acres. The settlement requires coverage over 3,000 acres by

Oct. 1, 2017, which the city says will result in the construction of 14 more catch basins.

- Reduce trash in creeks 70 percent compared with 2009 levels by July 1, 2017, and 80 percent by July 1, 2019. The city says it is currently at 50 percent.
- Monitor the levels of fecal bacteria in creeks three times a year.
- Draw up by 2020 a plan to spend \$100 million on “green infrastructure” to filter polluted stormwater, clean it and recharge underground aquifers or use it for another beneficial purpose. That can include building grassy swales in parks, installing permeable pavement or putting in a stormwater capture system that could send the water during rainstorms to the Santa Clara Valley Water District’s purification plant in Alviso to be reused. The city has until 2025 to obtain contracts for \$25 million of the work — and until 2050 to spend all of the money. “San Jose’s system need an overhaul,” Choksi-Chugh said. “This will set an example for other communities.”
