To the Board of Directors  
Union Sanitary District  
Union City, California

We have audited the financial statements of the Union Sanitary District (the "District") for the year ended June 30, 2017. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards* and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 30, 2017. Professional standards also require that we communicate to you the following information related to our audit.

### **Significant Audit Findings**

#### ***Qualitative Aspects of Accounting Practices***

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in the notes to the financial statements.

We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the District's financial statements were:

Management's estimate of its net pension liability is based on actuarial valuation specialist assumptions. We evaluated the key factors and assumptions used to develop the proportionate share of the net pension liability in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of its Other Post-Employment Benefit Annual Required Contribution is based on actuarial valuation specialist assumptions. We evaluated the key factors and assumptions used to develop the Other Post-Employment Benefit Annual Required Contribution in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The financial statement disclosures are neutral, consistent, and clear.

### ***Difficulties Encountered in Performing the Audit***

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### ***Corrected and Uncorrected Misstatements***

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. No misstatements were found.

### ***Disagreements with Management***

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### ***Management Representations***

We have requested certain representations from management that are included in the management representation letter dated November 27, 2017.

### ***Management Consultations with Other Independent Accountants***

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### ***Other Audit Findings or Issues***

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

### **Other Matters**

We applied certain limited procedures the management's discussion and analysis, schedule of funding progress for retiree health benefit plan, schedule of changes in net pension liability and related ratios and schedule of plan contributions, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

To the Board of Directors  
Union Sanitary District  
Union City, California

We were engaged to report on the schedule of expenses before depreciation and schedule of insurance coverage, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

#### New Auditing Standard No. 130

This new auditing standard is effective for financial periods ending on or after December 15, 2017; for most California municipalities it is effective for the period July 1, 2016 through June 30, 2017 and future periods thereafter. The standard allows CPA firms to issue an opinion on the financial statements conformity with generally accepted accounting principles, as well as an opinion on the operating effectiveness of internal controls over financial reporting through an integrated audit. This standard does not change the objectives of a financial statement audit, it only enhances the value and scope of a financial statement audit and increases the level of assurance provided by CPA firms on financial controls. Municipalities should look to perform an integrated audit for more assurance on the operating effectiveness of internal controls over financial reporting.

#### New Accounting Standards

The following new Governmental Accounting Standards Board (GASB) pronouncements were effective for fiscal year 2016-2017 audit:

GASB Statement No. 82, *Pension Issues an Amendment of GASB Statements No. 67, No. 68, and No. 73.*

The following Governmental Accounting Standards Board (GASB) pronouncements are effective in the following fiscal year audit and should be reviewed for proper implementation by management:

#### Fiscal year 2017-2018

GASB Statement No. 75, *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions.*

GASB Statement No. 81, *Irrevocable Split Interest Agreements.*

GASB Statement No. 85, *Omnibus 2017.*

GASB Statement No. 86, *Certain Debt Extinguishment Issues.*

#### Fiscal year 2018-2019

GASB Statement No. 83, *Certain Assets Retirement Obligations.*

#### Fiscal year 2019-2020

GASB Statement No. 84, *Fiduciary Activities.*
